1905-1906.**

OUR SPECIAL WOMEN'S "MADE TO MEASURE- MENT" SUIT, COAT AND SKIRT DEPARTMENT

• will interest women everywhere. Before ordering
a suit, do not fail to consult pages 30 to 48.

WHY WE SELL MORE GOODS FOR CASH THAN ANY OTHER SIMILAR ESTABLISHMENT IN AMERICA

We sell high grade merchandise at a saving of from 25 to 33 1/3 per cent.

Every article sold with the understanding that if it does not please, return it, and we will refund
your money.

Our descriptions in this catalogue do not misrepresent, they accurately describe the merchandise.

INDEX on Colored Pages in Back of Book

Kindly compare prices of the high grade merchandise quoted in this catalogue with any other catalogue
issued, and see if you are not convinced that Macy values are unprecedented.

Macy's—A House With a Purpose

ON October 27th, 1858, an unassuming young man quietly opened a little store on the corner of Fourteenth Street and Sixth Avenue. A modest little shop—with one clerk; yet encouragement was not lacking. For didn't the young man's sales amount to \$11.06 on the very first day!—Eleven Dollars and Six Cents! Yet this was the beginning of Macy's—almost a half century ago.

If Rowland H. Macy could only visit this present day Macy's he would find an establishment one and one-half thousand times as large as the store with which he started; his one clerk grown into a force of over 5,000 employees!

And what caused this growth?

Rowland H. Macy builded upon a principle.

MACY'S MOTTO AND MACY'S METHODS

From the first day of its modest beginning, Macy's has been consistently governed by one principle. To completely satisfy all customers and to always offer them a saving. Its rise from one of the most humble of the many thousands of small shops in New York, to its present proud and positive position as the Largest Dry Goods and Department Store under one roof in this entire country, is due to the observance of this principle: "Satisfaction and Saving," and to the business methods that made its observance possible. From the beginning it was comparatively easy to satisfy all customers by selling them only satisfactory goods. But how to always offer a Saving? How is it possible for us to always undersell? The solution of this problem by originating and developing Macy's Business Methods has made Macy's, in many ways, the most phenomenal business establishment in the world.

THE REASONS— "HOW AND WHY"

There are plainly only two ways for a firm to sell goods cheaper than all competitors: either to buy cheaper, or to sell on a lower margin of profit. At the beginning it was plain to Mr. Macy that if he sold goods at a very low margin of profit, quoting low prices, he would be able to sell more goods than if he charged the same large profits as his competitors. He was shrewd enough to see that in the long run he would make just as much money, because he would sell a much greater volume of goods. This method of selling goods on a small, or "Macy," margin of profit, originated by our founder in 1858, has ever since been one of the basic principles of the store.

Amongst other principles which have had a great influence in making Macy prices possible, we may mention the cash system of buying and selling. Other stores give credit. Consequently they must make allowance in their prices for bad debts. Other stores allow discounts to purchasing agents. Of course this must be made up in the cost of merchandise to you. They pay commissions to agents, and this you must also help pay in the cost of goods. Thus you will find that all of these business-getting schemes tend to raise the cost of merchandise to the consumer, and so Macy's has always carefully avoided them all. These are the main principles responsible for the growth of the Macy Store, but as public appreciation has continued to increase, Macy's has grown larger and larger until to-day there are many other features that may be classed as "Reasons Why" our low prices are possible.

OUR PRESENT POSITION AND PURPOSE

To-day Macy's has attained such an enormous growth that by sheer force of size alone, we are able to buy goods at less than the ruling market prices. Our purchases are made in such enormous quantities that often we are able to contract for the entire output of a factory. Needless to say that such purchases are made very close to the manufacturing cost. Thus we are able to save our customers, not only the usual jobber's profit, but part of the manufacturer's profit as well. Then, too, makers of many lines of goods will often over-manufacture; make in

advance of the season more goods than they sell. An outlet is needed for such stocks. There is an immediate need for ready money. Macy's gets the first chance at such bargains, because the manufacturer knows that in selling to Macy's he gets his money at once. No special arrangement for cash payment is necessary, no explanation or acknowledgment of his need for ready money must be made. He knows that to sell to Macy's is to receive cash in payment at once. As in buying, so in selling—a rigidly cash system prevails. The richest man in the world could not buy five cents' worth in this store on credit. By this method you do not help pay other people's debts. (No argument is necessary to convince you that the customers of a store must pay all its expenses, including its bad debts. These are all included in the prices asked.)

So we find that, aside from the cash system and the low-margin-of-profit selling, the chief feature governing Macy's low prices is the quantity of goods that we are enabled to purchase at one time. In other words, the enormousness of our facilities for disposing of merchandise—and thus we come to the Macy purpose—GROWTH.

AN INTERNATIONAL INSTITUTION

The New York field is limited. Our ambitions are larger. We aim at making of Macy's the International Store, by extending its sphere of low prices and satisfactory goods over entire America. With this idea our Mail-Order Department originated, bringing the facilities of the New York Market, the advantages of New York Styles, bringing MACY PRICES into your own home, no matter where you live.

SATISFACTORY GOODS ONLY

In looking over this catalogue we want you to note one thing in particular. It is important to mail-order buyers. In buying from us your orders are filled from exactly the same stock shown over our counters to the most discriminating shopping public in the world, shown in competition with the goods of all the other great New York stores. How different from buying from the exclusive mail-order houses, particularly those of Chicago. They display no goods to the public, have no competition in examination of quality, and fill your orders from a stock of goods which never sees the light of day and is never subjected to the criticism of experienced shoppers in comparison with the offerings of other stores.

Another thing: We sell only the kind of goods that proves a good investment to our customers, that proves satisfactory by use and wear. Therefore, the economy we offer is not the economy of cheap prices. It is the real economy of Satisfactory Goods. Do not be deceived on this point. Many houses buy shoddy goods, articles that will give no service at all, and sell them at extremely low prices to attract attention. This grade of goods is expensive at any price and cannot be bought at the Macy Store. A guarantee of this is our offer to refund your money upon return of any unsatisfactory article purchased from us.

OUR MAIL-ORDER SHOPPING SYSTEM

It is practically impossible for us to illustrate in this catalogue more than a small part of our immense stock of merchandise (it covers a floor space of 24 acres)! If, therefore, you do not find exactly what you want in these pages, do not conclude that we do not have it. Write us, telling us what you wish and about the price you wish to pay. We earnestly request this because we can supply you with what you wish, or else will secure it for you. If you wish to leave the selection to us, you may do so without hesitation. Thousands of our customers living right here in the City of New York send us their orders by mail to save themselves the trouble of coming to the store. You will secure the same satisfaction that these people evidently receive. Remember, too, that your orders are not filled mechanically. We have a trained shopper for every line of goods you use. When your order is received, one of these shoppers goes down into the store and selects the goods for you. These people represent you and are paid to please you. Their position depends upon giving you entire satisfaction in their selections.

ABOUT FREIGHT AND EXPRESS CHARGES

In purchasing an article from your local dealer you must repay him whatever freight or express charges he has paid on the article. This expense is included in the price. So in buying from us, transportation will cost you no more than it does when buying at home. But in ordering be sure to make your order large enough to make a profitable shipment. Select the things you wish to buy, then look through the staple departments, the always-needed things, and in this way you can make up a very profitable freight shipment.

R. H. MACY & CO.

SUGGESTIONS—"HOW TO ORDER"

Explanations and Suggestions, which, if carefully followed, will avoid the necessity of any inconvenience and delay in filling orders

WHEN SENDING AN ORDER

Write at the top of your letter your Post Office, County and State, with the date of writing. Use our order blanks if convenient. (More blanks sent upon request.)

State clearly how you wish the goods to be sent—whether by Express, Mail or Freight. If by Freight, name the line, if possible, and if by Mail, state whether you wish goods sent by Registered or Open Mail, and remit the money for postage.

OUR TERMS ARE—ONE PRICE TO ALL

Cash in every instance and without discount. We prefer remittance with the order, but will send C. O. D. to any Express Office in the States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, Pennsylvania, New Jersey, Delaware, Maryland, Virginia, West Virginia, Ohio, Kentucky, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, or Missouri, and provided one-quarter of the amount of the order is PREPAID will send to any other State or Territory of the United States.

Express Companies instructed NOT to allow C. O. D. goods examined.

ALL ORDERS to go by MAIL or FREIGHT must be accompanied by a remittance of full amount of money.

HOW TO ORDER GOODS SENT

NOTE.—We strongly advise our customers, whenever practicable, to order their goods sent by express. If the express companies fail to deliver the goods they are responsible, and will pay for them. When goods are forwarded by freight, our responsibility ceases with the delivery to the transportation company. We would advise you to have shipments by mail insured; the cost is small; the guarantee against loss certain. It is better than registration.

INSURANCE ON PACKAGES BY MAIL COSTS AS FOLLOWS:

Parcels by open mail, valued at \$5.00 or less, 5c. each parcel; \$5.00 to \$10.00, 10c. Parcels by registered mail, valued at \$10.00 to \$25.00, 5c. each parcel; \$25.00 to \$100.00, 10c.

Remember that we guarantee delivery of insured parcels.

HOW TO DESCRIBE GOODS ORDERED

Describe clearly and distinctly the goods you want. If you are ordering from one of our newspaper advertisements, please state name and date of paper. Describe the article ordered as fully as you possibly can, and tell us what you want it for, as this knowledge will often enable us to suit you better than we otherwise could. If you are ordering from sample, forward a part of the sample selected, and attach to it a memorandum of the number of yards required. State definitely whether the order must be filled exactly as per sample, or whether our judgment may be used in selecting a substitute, in case the exact thing is sold out.

HOW TO FORWARD MONEY

Better send too much than too little; all sent in excess is returned with bill, and having too much saves delay in writing for balance due, before goods can be shipped.

We prefer that remittances be made to us (when possible) by BANK DRAFTS, N. Y. POST OFFICE MONEY ORDERS OR EXPRESS. MONEY ORDERS are also desirable, and can be obtained at any express office.

INSTRUCTIONS TO WOMEN FOR SELF-MEASUREMENT

When ordering made-up garments, absolutely correct measurements are of utmost importance; therefore before giving measurements, it will be well to check the same carefully. Every garment sent out conforms with the exact measurements given.

Use an accurate tape and follow closely the instructions given below.

Bust Measure (A)—Pass the tape measure entirely around the body over the fullest part in front and well up on shoulder blades in back.

Neck Band (B)—Measure around the neck.

Waist (C)—Measure entirely around the waist.

Hips (D)—Measurement of hips about six inches below waist line.

Across back (E)—From shoulder seam to shoulder seam.

Length of Back (F)—From bottom of neck band to waist line.

Under arm (G)—Side seam from lower part of armhole to belt.

Length of sleeve (H)—Length of inside seam of sleeve to wrist line.

Front of skirt (C)—From lower side of waist band down front to foot of skirt.

Side skirt length (J)—From belt down side to foot of skirt.

SCALE OF REGULAR SIZES

Ladies' Jackets.—From 32 to 44 in. bust measure; 19 in. inside seam of sleeve.

Ladies' Capes.—From 32 to 44 in. bust measure.

Ladies' Waists.—32 to 44 in. bust measure, and 19 in. inside seam of sleeve.

Ladies' Dress Skirts.—23 to 29 in. around waist and from 30 to 45 in. in length.

Ladies' Walking Skirts.—22 to 29 in. around waist, 37 to 43 in. in length. Walking skirts are made to hang even all around; if train is desired \$1.00 additional is charged.

Ladies' Suits.—32 to 44 in. bust measure, 15 to 16 in. neck to waist and 19 in. inside

seam of sleeve measure, with skirts from 23 to 29 in. around waist and 39 to 44 inches in length.

Misses Suits.—In sizes 32, 34 and 36 in. bust measure; 15 to 16 in. neck to waist measure; 18 in. inside seam of sleeve, with skirts from 21 to 26 in. around waist and from 37 to 41 in. in length.

Petticoats.—23 to 30 in. waist measure and 37 to 42 in. length.

Extra size garments are made to order, for which additional charges are made. Time required from a week to ten days. Write, giving us measurements, and we will quote prices.

INSTRUCTIONS TO MEN FOR SELF-MEASUREMENT

Always measure over vest for size of coat. Single-breasted and double-breasted Sack Coat, Cutaway, or English Walking Suit—always mention style desired.

Coat.—Collar to waist A to B. Whole length to bottom of coat, A to C. Center of back to shoulder, E. Shoulder to Elbow, E to F. Elbow to

hand, F to G. Inside seam of arm. Around chest, under arms, at K. Waist, at L.

Vest.—Length from center back of neck to bottom of front. Around chest under arms, at K. Waist, at L.

Trousers.—Length of outside seam from waist to heel of boot.

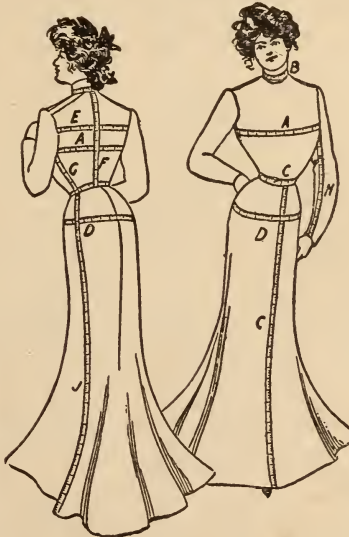

Length of inside seam from crotch to heel of boot.

Around waist under vest, at A. Around seat, at B.

Thigh. Give height and weight.

Overcoat.—Take measurement for overcoat around chest, under arms, over vest.

Scale of Regular Sizes. Men's Suits 34 to 44 in. chest measure. Trousers, 30 to 42 in. waist. Trousers, 30 to 35 in. inside. Overcoat, 34 to 44 in. chest measure. Write for prices on extra sizes.

AVOID SENDING MONEY BY OPEN MAIL

It places temptation in the way of post-office employees and others, and is liable to loss without a chance of recovery, while P. O. Money Orders, Bank Drafts and Express Money Orders can be replaced with but little trouble and delay.

GOODS SENT C. O. D.

If you wish us to forward your goods C. O. D. by express, we will do so (see list of States), but we strongly advise you not to order goods sent in this manner. The expense of returning money by express will add materially to the cost of your purchase, without any corresponding advantage, as the express companies are instructed not to allow packages to be opened before delivery. We, however, require prepayment of one-quarter of the amount of the order when the same is received from points not located in the States named. **All Goods by Mail, Express or Freight Are at Customer's Risk.**

COMPLAINTS

When the goods reach you, if they are not in every respect satisfactory, or if you have any complaint to make regarding them, write to us at once, and we will do our best to satisfy you. If you have any complaint to make concerning an order, be sure to give its number, if you know it. If you cannot do this, then give all the other particulars you can, and be sure that the complaint is signed with the same name and initials as were attached to the order.

HOW TO RETURN GOODS

Whenever possible, we are willing to oblige our customers by exchanging unsatisfactory goods, but it is always best to write us first before sending them. Expenses both ways must be paid by customer.

No instructions are necessary to enable our customers to return goods by express or freight, as it is simply necessary to pack them carefully and direct them properly. But

If You Wish to Return Goods by Mail, then Read the Following:

The United States Post Office has two rates of postage; one of **16 cents** a pound, on packages containing merchandise only; and the other of **32 cents** a pound, on packages containing communications of any sort. If a package has marked upon it anything whatever except the address, and the name

and address of the sender, even if it be only the number of the order, it is treated as a letter, and is subject to full rates of letter postage; or if sealed, or sewed, or otherwise fastened up in such a way as to prevent the post office authorities examining its contents, full letter rates are charged as a penalty for violation of the law. No explanations can be admitted. We are forced to pay penalty of 32 cents a pound before we can receive the package, or ascertain its contents, and often discover that we have paid for postage more than the article is worth. Wrap your goods up, tie them with a bow knot, direct them to us, and write in one corner, "From —," filling the blank with your own name and address. Do not enclose letters with goods sent by mail.

When you return goods, always write us by postal card or letter, giving number of the order on which the goods are returned, a list of the goods, and your instructions.

WE DO NOT SEND GOODS ON APPROVAL

Note.—Postage and express charges are to be paid by the customer. Postage must in all cases be prepaid. Express charges can be paid on receipt. Merchandise by mail costs one cent per ounce in weight. Packages can be registered for an additional eight cents per package.

Money for both good and postage must come with the order, or a deposit for C. O. D. by express.

Packages of merchandise by mail are limited to four pounds in weight. No writing of any kind allowed in such packages.

Single books are not limited in weight, but packages containing more than one book are limited to the four-pound rate

SAMPLES

We forward samples at once on receipt of application, making no charge for same.

ACKNOWLEDGMENT OF ORDERS

Should we not be able to fill order within twenty-four hours after receipt of same, customers are so informed, giving them letter and number of order.

In case you do not hear from us within a reasonable length of time after sending an order, write us, giving full particulars.

TABLE OF FREIGHT AND EXPRESS CHARGES

In order to give our patrons an idea of the cost of shipping goods from New York City to different points in the United States, we give here a list of freight and express rates, covering the five classes of freight. We have selected various points in order to show the approximate cost of shipments, and the idea of such cost can be arrived at by selecting the point nearest to your shipping station. While such rates are governed by the Eastern, Southern and Western classification, according to destination of the goods, the table below will be found fairly correct in estimating the cost of any shipment. To be exact, we will be pleased to quote the actual rate on any shipment you may inquire about. Various conditions influence shipping rates. Sometimes an all-water route can be selected and a rate named lower than the all-rail rate. If it is desired to be positive in any case, write us. All express rates quoted are exact.

SPECIAL "MADE-TO-MEASURE" DEPARTMENT FOR WOMEN AND MISSES

WE make Women's and Misses' Suits, Coats and Skirts to special measurement at prices lower than others ask for equal quality of the ready-to-wear kind. When we say "Special Measurement," we mean that every garment is cut and made specially and exactly according to the measurements supplied us. Many houses advertise "made-to-order" garments when, as a matter of fact, they merely alter ready-made garments.

MACY'S could not have taken the lead of the Dry Goods and Department Store business of the country if there were not good reasons.

MACY'S is a commercial name that stands out—it stands for **Probity, Reliability, Truth.**

When **MACY'S** makes a statement, you may know it is absolutely so. And we make the statement now that there are more possibilities of economy, more opportunities for saving to the woman who would be well gowned, in our Made-to-Measure Department than in any similar establishment in the country.

We know there are garments advertised for less money, particularly by mail-order houses in the city of Chicago, but they are not such as we would handle.

The lowest priced suit we offer in this department is **\$12.49. No firm in the country can possibly make you a satisfactory suit of good material for less money. No establishment does turn out a suit of this character for less than 25 per cent. additional cost.** We have no shoddy or ill-fitting garments.

Never has there been a season when so much depended upon the tailor—never a time when the styles demanded such good tailoring. The beauty of the long lines in this season's coats, of the graceful curves in this season's skirts, depends entirely upon the cutting. Your local dressmaker can't do it, hasn't the ability to cut into every line, to sew into every seam that indescribable something which gives the finished garment "Style," which gives the wearer that air of individuality, that "different look." If she had, she wouldn't be your local dressmaker.

In New York, in **MACY'S**, you have the choice of the latest and most exclusive designs and fabrics. Our organization for securing advance styles includes permanent resident representatives in all the fashion capitals of Europe—experts constantly searching the New York markets, and New York is just one year ahead of every other city in the United States in fashions. No firm making Made-to-Measure goods has anything like equal facilities for knowing what is to be worn or can offer you such a selection of the exclusively correct styles.

We will gladly send you samples of the materials from which the garments illustrated on the following pages will be made. You select the material from these samples, send us your measurements according to the directions given, and we will make you a perfect suit. If it does not fit you perfectly, if it is not entirely satisfactory in every way, return it and get your money back. This is our rule in every department.

NEW YORK

INFORMATION WORTH READING BEFORE ORDERING

Every garment illustrated from pages 33 to 48 inclusive is made to special measurements.

We separate suits, and make if desired a skirt or coat separately. The only suits to which this does not apply are Nos. B 125, B 136 and B 137. We have marked these three suits at such low prices that it would not be advantageous to separate them.

SAMPLES OF MATERIALS

will be sent promptly upon request. It will facilitate matters if the numbers of the garments of which samples are desired are given.

QUALITY OF MATERIALS

All of our material is commercially termed all-wool. The material used in our Special Garments represent an array of most beautiful importations of solid colors, checks, stripes, the new invisible plaids and daintiest combinations of colors conceivable, collected from the best mills in the world. All our materials are sponged and shrunk, and therefore are spot proof against water.

TRIMMINGS

Dame Fashion decrees that where trimmings are to be applied on tailor-made garments the plain brilliant silk braid, dainty colored combination braids and buttons are to be used; therefore where considered desirable these trimmings are employed.

LININGS

We **guarantee** all the linings used in our coats; only best qualities used. Where it is desirable to use other than black lining we use lining to harmonize with materials. We quote on all suits with unlined skirts, as the present fashion is to wear drop skirts or the regular underskirt. We illustrate some exceptionally good values in underskirts on pages 58 and 59. For **\$1.49** we interline coats with flannel.

WORKMANSHIP AND FINISH

The workmanship in our garments cannot be improved upon. All our tailors from the cutters to the pressers are skilled in their particular branch of work. All seams in skirts are neatly bound; in coats that are only half lined all exposed seams are satin or silk bound. All skirt belts are of silk belting.

BUREAU OF INFORMATION AND CORRESPONDENCE DEPARTMENT

We promptly reply to any inquiry relative to any merchandise we sell. When information is desired pertaining to styles or what is appropriate to wear at a certain time or occasion, our able fashion bureau will help you. A letter or postal card will bring you an immediate reply.

How to send money, terms, etc. For this information in detail we refer you to page 3.

ABOUT MEASUREMENTS

Follow instructions carefully, and before mailing order, check up measurements so as to be absolutely sure they are correct. If our self-measurement instructions are carried out, it will save delay in handling orders. We enclose in our catalogue, in addition to our regular order blank, an order blank for Special Measurement garments. (More blanks sent upon application.)

EXTRA SIZED GARMENTS

When garments are required in sizes larger than our regular scale an additional charge is made, as more material is required and an extra sized pattern must be cut. When measurements are given we will quote prices on extra sizes.

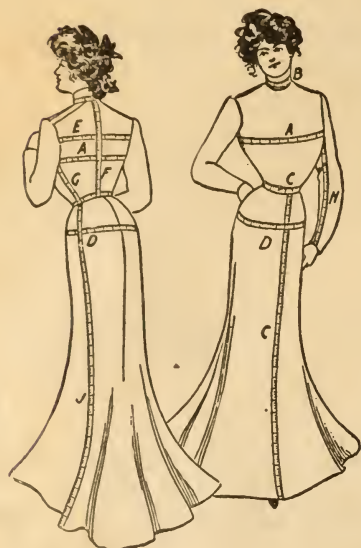

Time required for making garments to "Special Measure," from five to ten days.

INSTRUCTIONS TO WOMEN FOR SELF-MEASUREMENT

When ordering special Made to Measure Garments, correct measurements are of the utmost importance, therefore before giving measurements it will be well to check the same up carefully. Our instructions for measurements are very simple, and can be followed closely.

Use an accurate tape and follow closely the instructions given below.

MEASUREMENTS REQUIRED WHEN ORDERING A SUIT

Bust Measure (A)—Pass the tape measure entirely around the body over the fullest part in front and well up on shoulder blades in back.

Neck Band (B)—Measure around the neck.

Waist (C)—Measure entirely around the waist.

Hips (D)—Measurement of hips about six inches below waist line.

Across back (E)—From shoulder seam to shoulder seam.

Length of back (F)—From bottom of neck band to waist line.

Under arm (G)—Side seam from lower part of armhole to belt.

Length of sleeve (H)—Length of inside seam of sleeve to wrist line.

Front of skirt (C)—From lower side of waist band down front to foot of skirt.

Side skirt length (J)—From belt down side to foot of skirt.

MEASUREMENTS REQUIRED WHEN ORDERING COAT OR JACKET ONLY

Bust Measure (A)—Pass the tape measure entirely around the body over the fullest part in front and well up on shoulder blades in back.

Neck Band (B)—Measure around the neck.

Waist (C)—Measure entirely around the waist.

Hips (D)—Measurement of hips about six inches below waist line.

Across back (E)—From shoulder seam to shoulder seam.

Length of back (F)—From bottom of neck to waist line.

Under arm (G)—Side seam from lower part of armhole to belt.

Length of sleeve (H)—Length of inside seam of sleeve to wrist line.

MEASUREMENTS REQUIRED WHEN ORDERING SKIRT ONLY

Waist (C)—Measure entirely around the waist.

Hips (D)—Measurement of hips about six inches below waist line.

Front of skirt (C)—From lower side of waist band down front to foot of skirt.

Side skirt length (J)—From belt down side to foot of skirt.

Kindly state plainly if skirt is to hang even all around, or if train is desired. We make an additional charge of \$1.00 when back length of skirt is to be longer than 47 inches. The most stylish garments to-day are made to hang even all around.

We give below scale of regular sizes. When garments are to be made in sizes larger than those in the regular scale, an additional charge is made, as more material is required, and an extra sized pattern must be cut. When extra measurements are given we will quote what the additional charges will be.

SCALE OF REGULAR SIZES

Ladies' Jackets or Coats—From 32 to 44 inch bust measure; 19-inch inside seam of sleeve.

Ladies' Walking Skirts—22 to 29 inches around waist, 37 to 44 inches in length. Walking skirts are made to hang even all round; if a train is desired, \$1.00 additional is charged.

OUR LEADER**STYLE NO. B 135****MADE TO****"SPECIAL MEAS-
UREMENTS"****PRICE, \$12.49**

A Suit similar in style, made up in the highest grade materials and workmanship, such as offered in this garment, is sold by others from \$16.00 to \$20.00.

The Long Coat Suit has long been looked upon by women as the most desirable style for fall and winter wear. The model delineated here is a most appropriate gown for street, traveling and informal wear. This garment is made up in a variety of materials, comprising the following:

In black, blue and brown, excellent quality cheviot, four mannish effect best quality worsteds, including invisible plaids, stripes, checks, in dark mixtures.

The Long Coat is made with lines so modeled that it will closely fit the figure; can be made up to 42-inch length in back; single-breasted front; fastens with nine mannish buttons; notched coat collar; new model coat sleeves with 3-inch turn-back cuffs; back is plain, tight-fitting, and divided at waist line so that skirt hangs gracefully; sleeves and body to waist lined with guaranteed satin lining.

The Skirt is 7-gore style, stitched to knee, forming side plaits and terminating in full flare bottom; all seams bound.

Owing to the exceedingly low price at which we are making this suit, it would not be advantageous to separate the skirt and jacket.

Price.....**\$12.49**

For **\$1.49** additional we will interline coat with flannel.

We cheerfully send samples. Kindly state the numbers of garments of which samples are desired.

STYLE NO. B 136
MADE TO
"SPECIAL MEAS-
UREMENTS"
PRICE, \$12.74

A suit made up in similar style of the high grade materials and workmanship such as offered in this garment is sold by others from \$16.00 to \$20.00.

We portray here an English style model, particularly serviceable for general wear; it is a style most becoming to slender and stout figures; the lines are so modeled to give the much admired broad shoulder effect. This style will retain its popularity for years.

This garment is made up in a variety of materials, comprising the following;

In blue, black and brown cheviot, four mannish effect best quality worsteds, including invisible plaids, stripes, checks, in dark mixtures.

The Jacket can be made in the becoming 27-inch length; single-breasted front, fastening under fly; stitched strapping under arm, across back and front gives a pointed yoke effect; two stitched straps front and back reach from pointed yoke to bottom of jacket; flat collar of same material, trimmed with broadcloth of contrasting color, black silk soutache braid and cloth covered buttons to match; full sleeves with turn-back cuffs, trimmed to match collar; entire jacket lined with guaranteed satin lining.

Skirt, 7-gore style; seams stitched in graduated form terminating in side plaits forming full flare; top of plaits finished with pointed straps, button trimmed; all seams bound.

Owing to the exceedingly low price at which we are making this suit, it would not be advantageous to separate the skirt and jacket.

Price.....\$12.74

For \$1.49 additional we will interline jacket with flannel.

Before ordering, read "Instructions to Women for Self-Measurement," on page 32.

STYLE NO. B 137
MADE TO
"SPECIAL MEAS-
UREMENTS"

PRICE, \$12.49

A suit made up in similar style of the high grade materials and workmanship such as offered in this garment is sold by others from \$16.00 to \$20.00.

The delight of the slender woman has always been the dainty short blouse jacket; the popularity of this style has never ceased. The jaunty blouse suit here depicted will please the most critical admirer of blouses. This garment is made up in a variety of materials, comprising the following:

In black, blue and brown cheviot, novelty mixtures, including light and dark grays, brown and green mixtures with invisible checks.

The Blouse Jacket is most tastefully trimmed around neck, forming collar, and down front forming a vestee effect with a contrasting shade of cloth, fancy silk braid and metal buttons; plain back; girdle belt; full sleeves with turn-back cloth cuffs, trimmed to match collar; lined with guaranteed satin lining.

Skirt, 7-gore style; each seam finished with two rows of stitching giving strap effect, and stitched to form side plaits at bottom, terminating in flare; all seams bound.

Owing to the exceedingly low price at which we are making this suit, it would not be advantageous to separate the skirt and jacket.

Price..... **\$12.49**

For **\$1.49** additional we will interline blouse with flannel.

We cheerfully send samples; kindly state the numbers of garments of which samples are desired.

In order to secure a perfect fitting garment, be sure to send correct measurements.

STYLE NO. B 138
MADE TO
"SPECIAL MEAS-
UREMENTS"
PRICE, \$13.96

The Long Coat Suit will be a veritable craze this season, due mainly to the fact that the symmetry of the figure can be well brought forth with these closely fitting models.

Made of very best quality black, navy blue, brown, dark bottle green cheviot and dark and medium gray invisible checks and mixtures.

The Coat can be made up to 36-inch length in back; the back is tight-fitting with stitched seams, giving strapping effect, terminating in side plaits, making coat fit well over skirt; notched collar; closes in front with fly; six stitched strappings in front to harmonize with those in back; full new model sleeves with stitched strappings from shoulder to top of gauntlet cuffs, forming fancy design on cuff; cuffs trimmed with bone buttons; sleeves and body to waist lined with guaranteed satin lining; exposed seams, satin bound.

New Model Skirt, 11-gore style; each seam double stitched from belt to below hips, terminating in side plaits forming full flare; all seams tape bound.

MACY'S UNSHRINKABLE FLANNEL

Used for Entire Dresses

We desire to call your attention to our all-wool unshrinkable flannel. The "Terminal Flannel" is strictly all wool. The entire fabric is made from lamb's wool, which accounts for the unequalled glossy surface and wearing qualities of the cloth. In manufacturing, the woollen yarn is dyed; it is then shrunken and finally polished. The fabric is woven 40 inches wide and then shrunken to 30 inches; therefore the "Terminal Flannel" is absolutely unshrinkable, and instead of dry cleaning, such as is usual in the case of woollen garments, this flannel can be washed in the regular way and is guaranteed against shrinking.

K 1833. A most beautiful assortment of fine stripes, on white, light blue, black, pink and green grounds; price, per yard..... 74c

K 1834. We also carry finest quality of unshrinkable flannel; made in plain colors only, such as pure white, cream, navy, light blue, red and black; price, per yard..... 89c

K 1835. In addition we carry an unshrinkable silk and wool flannel, which is made by the same mill as the above described, and is what we consider one of the prettiest fabrics we have ever had; consists of a great variety of dainty stripes and plain colors, including baby blue, pink, tan, silver gray, white, light green, combinations of pink and white, blue and white, green and white, heliotrope and white, black and white, gray and blue, tan and blue, etc.; price, per yard..... 89c

DRESS GOODS

The reason why Macy's can sell Dress Goods at Lower Prices than any other house

DURING the past season a scarcity of wool has developed which has very materially affected the price of dress goods. Many months ago Macy's anticipated the increased price in wool, and therefore placed large advance orders with the mills before the increased price took effect, to be prepared to undersell others, as usual.

We are selling and will continue to sell all dress materials at our regular low margin of profit. Our prices, as usual, offer a saving of from 10 to 33½ per cent. We invite comparison of prices and quality of materials, as we know any thorough comparison will be in our favor.

Upon request, we cheerfully send samples of any materials desired.

ALBATROSS

BM 15. WATCHES

HERALD SQUARE WATCHES

P 3003

AFTER three years of selling and testing the Herald Square Watches, we are more thoroughly convinced than ever that they are the best watches on the market, and are prepared to double the guarantee on these Watches in future. For two years we will keep them in repair free of charge, instead of the usual one year guarantee. These movements are manufactured expressly for us by one of the best makers in America. Each and every Watch is thoroughly tested by an expert in our employ before offering them for sale. They are made in the small model called 16 size, in four grades: 11, 15, 17, and 21 ruby jewels, of which latter is especially adapted for railroad employees and others who require an accurate timepiece under the most trying conditions.

P 3001

P 3002

P 3000

P 3000. "Herald Square" movement; nickel, 11 jewels; composition settings; compensation balance; timing screws; counterpoise fork and pallet; best quality Swiss Breguet hairspring; Philipe coil; patent micrometric screw regulator; Swiss mainspring; sunk second dial; visible winding wheel; damaskeened in attractive pattern.

P 3001. "Herald Square" movement; nickel, 15 red jewels; composition settings; compensation balance, timing screws; highly polished bevel center wheel; counterpoised fork and pallet; best quality Swiss Breguet hairspring; Philipe coil; patent micrometric screw regulator; visible winding wheel; Swiss mainspring; double sunk dial; handsomely damaskeened.

P 3002. "Herald Square" movement; nickel, 17 red ruby jewels; composition settings, accurately timed and carefully adjusted to temperature and position; compensation balance, timing screws; finely finished; polished bevel train; gold center wheels; counterpoised fork and pallet; best quality Swiss Breguet hairspring; Philipe coil; patent micrometric screw regulator; concealed visible winding wheel; Swiss mainspring; double sunk glass enameled dial; elaborately damaskeened, gold lettering; gilt regulator and screws.

P 3003. "Herald Square" movement; nickel, 21 red ruby jewels; adjusted to temperature; six positions, and isochronism; beveled and polished; gold train steel escape wheel. The best time-piece made in America.

We can also furnish Elgin and Waltham movements; all grades, 7, 15, 17 and 23 jewels for the cases described on page 198.

Should you be interested in any household article not illustrated in this catalogue, do not conclude that we do not carry it. We probably do, and will be pleased upon receipt of advice from you as to what the article or articles may be, to quote you prices and give detailed descriptions.

Kindly bear in mind the fact that this catalogue portrays only a very small portion of our enormous stocks. Our stocks are lodged in a building 11 stories high and covering 24 acres of floor space.

RAZOR
COMPLETE
READY
FOR USE

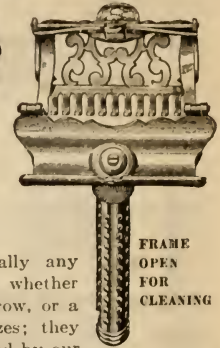

Illustrates frame, blade and handle
in position ready for shaving.

WITH "Yankee" RAZORS

There's absolutely nothing to learn, no experience, no skill or knack is required. "Yankee" Safety Razors are as near an automatic shaver as man could wish for. There is no time wasted for the word "next"—no "tips" necessary—no skin diseases to fear, such as lurk in barber shops. You can save the cost of an outfit in a month's time. You couldn't cut under the skin if you tried to, so perfect is the adjustment of blade.

"Set Screws" Unnecessary

The "Yankee"
Safety Razor

FRAME
OPEN
FOR
CLEANING

adjusts automatically any size Safety blade, whether thick, thin or narrow, or a mixed lot of all sizes; they are accurately fitted by our Self-adjustable Safety Frame

Q 3501 RAZOR OUTFIT

has one complete Yankee Razor, put up in the neatest and most compact form of Morocco leather case. Size, $2\frac{1}{2} \times 2 \times 1\frac{1}{2}$. Weight, 3 ounces. Price, \$1.74

Q 3502 The Complete Yankee Safety Razor

is put up in a small tin box as illustrated. Size of box, $2\frac{1}{2} \times 1\frac{1}{2} \times 1\frac{1}{2}$. The adjustment is automatic and will accommodate all sizes of blades, is fully guaranteed and the blades will be resharpened free of charge when they become dull.

Price, complete, 98c.

Q 3503 YANKEE RAZOR OUTFIT

contains one complete safety razor, stropping machine and strop, all packed in strong muslin box.

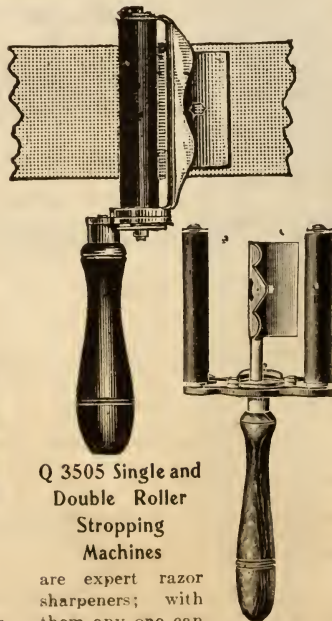

Our Price, \$2.49

Q 3504 YANKEE SAFETY RAZOR BLADES

are packed in small enameled tin boxes which are so constructed that blades can be conveniently mailed when sharpening is necessary.

Our Price, 69c.

Q 3505 Single and Double Roller Stropping Machines

are expert razor sharpeners; with them any one can keep a sharp edge on the blade without the possibility of injury; a child can get as good results as an expert.

Our Price, 97c.

Q 3506 Razor Outfit in Morocco Case

has one Yankee Safety Frame with two blades in a Morocco leather case. Size, $3\frac{1}{2} \times 2\frac{1}{2} \times 1\frac{1}{2}$. Weight, 5 ounces.

S 4122. Weight, packed, 10-oz. 3c

IMPORTED RUBBER BATH SPONGES

Made of pure rubber, exactly like a sea sponge; has numerous cells which make it soft, and when compressed in the water absorbs the same as a sea sponge. Used with soap makes an excellent sponge brush, without soap makes a good friction rubber. Always rinse with clear water when through using; this will lengthen its wear considerably.

SPONGES

S 4123. Size 1, 21c; size 2, 32c; size 3, 39c; size 4, 57c; size 5, 71c; size 6, \$1.21; size 7, \$1.81. Sizes 1, 2 and 3 are for the face; the other sizes are for the bath.

S 4124. Bleached Florida Grass Sponge; full form; 5 inches in diameter; price, 10c

S 4125. Bleached Wool Sponge; full form; 5 inches in diameter; price, 24c

INVALID RING AIR CUSHIONS

Rubber Invalid Ring Air Cushions, for use in the sick room, for bed sores, etc. Being soft and pliable, they make a good comfortable seat for invalids who desire a cool, soft seat; do not become heated and are easily carried in the pocket.

No.	Inches.	Diameter Deflated.	Opening, when Inflated.	Each.
S 4130.	1	9	3½	\$0.72
	2	10	4½	.79

	11	19	8½	1.42
	12	20	8½	1.49
	13	21	9	1.59

This Horseshoe Air Cushion conforms to the shape of the body. The open space in front and grooves in back permit ventilation, which insures a non-heating seat. Being constructed on a flat basis, a trifle higher in back than front and shaped to conform to the buttocks and thighs, makes a seat without slipping and without the disagreeable pressure on the user's thighs. Each cushion has a flannel cover that may be laundered when necessary.

- S 4131. 14 inches long, weight 31 oz. \$3.19
 16 inches long, weight 33 oz. 3.59
 S 4132. Bulb Inflators for the above; price.13

Plant Sprinkler

For spraying plants and flowers without injuring them or soaking the earth. Also useful for sprinkling clothes in laundry, spraying disinfectants and moth preventives on carpets, etc.; comes with either bent or straight neck.

- S 4133. Capacity, 4 oz. \$0.46
 S 4134. Capacity, 8 oz.66

Chamois Skins

We handle only the "English Tanned" Chamois Skins, as we know from experience they last twice as long as the American tanned skins. They are free from the disagreeable oily odor, are nearly white in color, can be used wet or dry and will not scratch the finest polished surface. Make the best chest protectors. Never dry any chamois skin over a stove or by artificial heat of any kind. Hang out in the open air and it can be used over and over again.

DRUGS

We are right in the center of the largest wholesale Drug District of the United States. Drug Prices change daily, and for that reason we do not print the list of over a thousand names. Tell us in your order the price you have been paying, and if we are unable to save you money (which we doubt very much, on account of our location and connections), we will notify you before sending the goods. We can supply anything in the Drug and Chemical line, excepting Poisons, in any quantity, from ounces to barrels. We will not handle any impure or adulterated goods.

PATENT MEDICINES.

We are the originators of selling Patent Medicines and Advertised Toilet Articles at **SPECIAL CUT PRICES** in department stores. Others have followed, but we never allow them to undersell us. Often prices are cut **BELOW COST**, but **MAIL ORDERS** are always filled at the price goods are marked. For instance, should you order Cuticura Soap, and our price the day your order was filled was cut to 11 cents per cake, which happens very often, we would charge you only 11 cents.

We can save you money ninety-nine times out of a hundred. Try us on your next order.

S 3985. PEPSIN TABLETS, regulator pepsin tablet, put up in phials containing about 50; price14c

GRANULAR EFFERVESCENT SALTS.

HANDKERCHIEFS

Macy's Handkerchief business is conducted along lines quite out of the ordinary. We have our own Handkerchief factory at Belfast, Ireland, and with this advantage we have absolute supremacy in handkerchief underselling. In plain hemstitched and initial handkerchiefs we carry only all linen; they are full regulation size, except where specially mentioned.

On pages 136 to 139, we illustrate Women's Fancy Handkerchiefs, initialed, and Men's Initialed Handkerchiefs.

CHILDREN'S HANDKERCHIEFS

K 1837. Children's Hemstitched Linen Handkerchiefs, with colored border, three in box; price.....24c

K 1838. Children's Hemstitched Initial Handkerchiefs, all linen, with neat block letter, three in fancy box; price 24c

K 1839. Children's Hemstitched Initial (colored) Handkerchiefs, all linen, with neat colored border, 6 in fancy box; price.....74c

MUFFLERS

K 1840. White or Black Silk Mufflers, regular size, in broadened silk, beautiful designs; price, each, 89c, \$1.19, \$1.44 and \$1.74.

K 1841. Silk Baratheia Mufflers, black or white; price, each.....\$1.19

K 1842. Black Silk Mufflers, made of heavy black silk, 36 inches square; price, each.....\$1.99
This is without doubt the greatest value in Black Silk Mufflers offered this season.

LADIES' MOURNING HANDKERCHIEFS

K 1843. Ladies' White All-Linen Black Bordered Hemstitched Handkerchiefs, with $\frac{1}{4}$ or $\frac{1}{2}$ -inch hem; price, each.....12c, 19c

K 1844. Ladies' Sheer Linen Black Bordered Hemstitched Handkerchiefs, with $\frac{1}{4}$ or $\frac{1}{2}$ -inch hem; price, each, 24c, 39c, 69c.

K 1845. Ladies' All-Linen Hemstitched or Embroidered Mourning Handkerchiefs; price, each, 24c, 29c, 36c, 44c.

K 1846. Ladies' All-Linen Mourning Handkerchiefs, of fine quality French linen, hand hemstitched, $\frac{1}{4}$ and $\frac{1}{2}$ -inch hem; price, each, 46c; finer qualities 66c and 79c.

K 1847. French and Linen Hemstitched Scalloped Mourning Handkerchiefs; prices ranging from 46c to \$1.89 each.

MEN'S HANDKERCHIEFS

K 1848. Men's All-Linen Hemstitched Handkerchiefs, soft finish; full size; with $\frac{1}{4}$, $\frac{1}{2}$ and 1-inch hem; price, per half dozen.....49c, 59c, 69c

K 1849. Men's All-Linen Hemstitched Handkerchiefs, price, each.....12c

Men's All-Linen Hand Drawn Hemstitched Handkerchiefs, $\frac{1}{4}$, $\frac{1}{2}$ and 1-inch hem; price, each, 15c, 19c, 24c, 29c, 34c, 39c, 44c.

K 1850. Men's All-Linen Hand Drawn and Hand Hemstitched Handkerchiefs, made of the finest quality linen, with 1-inch hem, price, each, 64c; finer quality linen, with $\frac{1}{4}$ or $\frac{1}{2}$ -inch hem, price, each, 79c; finest quality, sold generally at \$1.25, $\frac{1}{2}$ -inch hem, each.....89c

K 1851. Men's All-Linen Hand Drawn Hemstitched Handkerchiefs, extra large size—24 inches, with $\frac{1}{4}$ and 1-inch hem, price, each, 22c; 24 inches, $\frac{1}{4}$ and 1-inch hem, price, each, 29c; also 24-inch size, $\frac{1}{2}$ -inch hem, price, each, 32c

K 1852. Men's All-Linen Handkerchiefs, with tape border, extra large size—24 inches; price, each, 24c, 29c, 49c.

K 1853. Men's All-Linen Mourning Handkerchiefs, black border, $\frac{1}{4}$, $\frac{1}{2}$ and 1-inch hem; price, each, 24c, 44c

We Have Embroidery Work Done On Our Premises, and We Can Execute Any Order for Initials and Monograms

AN UNPRECEDENTED LIBRARY OFFER

\$2.64 Buys 20 Books and a Well-Made Polished Case

PRICE, PER SINGLE VOLUME, 10c.

The series of books listed here, and from which you may make your own selection of twenty (20) volumes, represents selections from the best works of standard authors. So varied is the list, that selections can be made to suit those of every taste and age.

A careful perusal of the list of authors will, no doubt, assure you of the great value of this splendid offer.

The books are well bound in red cloth, stamped in two inks and gold, from an artistic cover design made especially for this edition. Printed on excellent paper in good clear type. Aside from the literary value, the library as illustrated is very ornamental.

Should you be dubious as to the selection for any particular member of the family, we will make the selection for you, and will see that you get only desirable books.

Special Library offer of 20 volumes, including a well-made polished Case, at **\$2.64.**

HANDY VOLUME SETS

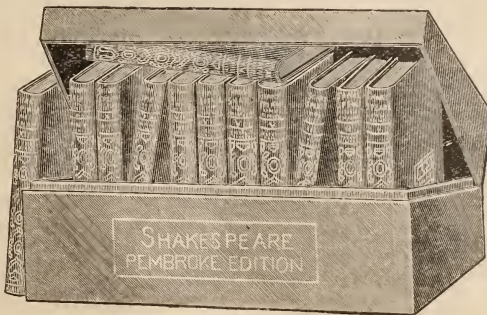

T 4914. SHAKESPEARE'S COMPLETE WORKS.
—"Pembroke Edition."

Edited by Charlotte Porter and Helen A. Clarke, editors of the "Camberwell" Browning.

A complete reader's edition. The editors have supplemented the text with marginal notes, giving the meaning of obsolete words, and footnotes referring to readings of other editions.

The typography has been executed by the famous De Vinne Press, the title-pages and covers have been specially drawn by Hapgood, and the artistic photogravure frontispieces, with the choice bindings and boxes, make this an ideal edition. Sold only in sets.

12 volumes, 18mo, cloth, gilt top, in cloth box; per set. . . . \$6.48
12 volumes, 18mo, limp leather, gilt top, in cloth box; per set, \$10.81

CHILDREN'S TOY BOOKS

Toy Books in the Sunbeam, David Brett, Favorite and Popular Series, are made up of good heavy stock paper, with stiff paper board covers. The printing is in large, clear and distinct type, while the coloring is cheerful and bright to the juvenile eye.

The stories are written in a clear and comprehensive style, best suited for the minds of the little folks to grasp. The covers are arranged in handsome colors, with figures and designs relative to the subjects contained in the books.

OXFORD TEACHERS' BIBLES

With New and Up-to-date Helps, Arranged Under One Alphabet

NOTE

The Helps in this new series of Teachers' Bibles have been thoroughly revised by English and American Scholars, so as to embody the results of the most recent researches. For the greater convenience of teacher and student the information given in the forty-seven alphabetical lists of the Helps has been rearranged in a single alphabetical order, so that any subject about which information is required may be instantly found in its proper alphabetical place, without the necessity of reference to an index, or of search in a table of contents.

But though the arrangement is that of a Dictionary the Cyclopedic Helps are much more than a word book, for many of the cyclopedic articles of the Helps are included, each in its alphabetic place, and wherever it is necessary cross references to these are given under the more special entries. For instance, each weight, measure and coin is entered in its own place in the general alphabetical order, and under each entry a reference is given to the general articles, such as Weights, Measures or Coins, in which further information will be found.

These new Helps doubly strengthen the position which the Oxford Teachers' Bible has always held as

"The Bible par excellence of the World."

"Pur-est" Leaves—Scotch Gray and Carbon Black.

The Royal Flexible Albums

For Unmounted Photographs.

In presenting these new Royal Flexible Albums, we offer a new style in a free opening album that will win merit at once. The leaves are so hinged that when the album is open each leaf opens up perfectly free and flat. The covers are flexible and binding is of superior workmanship. The leaves are all of the latest shades, carbon black, sepia, Scotch and steel gray and made from "Pur-est" stock, binding being full silk cloth and imitation seal grain. Each album is separately boxed, convenient for mailing or expressing.

The Star Squeegee Albums

For Unmounted Photographs.

To those who prefer to Squeegee their photographs in place of mounting we offer the new and latest improved STAR SQUEEGEE ALBUM, being a thin flexible album, and one that will suit the most fastidious, with results entirely new. These Albums are handsomely bound in full cloth and imitation seal grain binding, with all the popular

camera size openings, each opening being framed, which adds greatly to the effectiveness of the photograph. Leaves used in these Albums are made up from celebrated "Pur-est" papers, being free from chemicals and acid impurities, and we guarantee will not discolor the photograph.

Print Roller

T 5119. Print Rollers, a handsome, inexpensive single roll mounter for small-size work; do not confuse the IXL with cheap rollers cast in one piece; the IXL has a polished rosewood handle, nickel plated arms, velvet rubber tubing; there are two sizes—4-inch rollers, boxed, each, **14c**; 6-inch rollers, boxed, each, **31c**; mailage, **11c**.

Red Light Lamp

T 5120. Red Light Lamp, for oil; its points of advantage are: great amount of light, comparative freedom from overheating, smell and soot; it is especially to be recommended to the advanced amateur as a perfect dark room lamp of ample capacity; it is supplied with orange and ruby glass, light traps, protecting shield and other desirable features, enameled; each. **.36c**

Candle Lamp

T 5121. Candle Lamp, the inexpensive candle lamp has many features to recommend it—it is safe; good, bright illumination is furnished by a low, flat candle; this form is far superior to the tall, thin candle, which overheats the top of the lamp and drips and melts; each. **.18c**

TriPods

T 5122. This Tripod is of spruce with brass trimmings; the lower portion of each leg slides into the upper; the weight is 17 ounces, the length when open 56 inches and when folded 30 inches, especially adapted to 4×5 cameras; each. **.48c**

Mailage, 20c.

T 5123. This Finely Finished Tripod is constructed excellently throughout, combining compactness, strength and durability; the weight is only 1 pound 6 ounces, the length when open 56 inches and when closed 22 inches; each. **\$1.24**

Mailage, 20c.

Printing Frames

T 5124. Printing Frames—we have several sizes of this popular line, making it in the following sizes:

$3\frac{1}{2} \times 3\frac{1}{2}$, each. \$0.09	Mailage, each. .08
$3\frac{1}{2} \times 4\frac{1}{2}$, each. .09	Mailage, each. .08
4×5 , each. .09	Mailage, each. .10
5×7 , each. .16	Mailage, each. .12

Trimmers

T 5125. Trimmer, No. 1 "Diamond," size, 6-inch blade, each, **99c**; No. 2 "Dandy," size, 8-inch blade, each, **\$1.34**
No. 3 "Studio," size, 10-inch blade, each. **\$1.81**

T 5126. Glass Trays, white or amber, size, 4×5 , each, **10c**; size, 5×8 , each, **18c**; size, 8×10 , each. **31c**

THE LYRAPHONE

A PIANO PLAYER with flexible fingers and human touch. The Lyraphone is a mechanical piano player, beautiful in design, simple in construction, efficient in mechanism, marvelous in action, wonderful in results. The Lyraphone is the finished outcome of many years of unremitting study, application and experiment by an able inventor, whose ambition and purpose were not satisfied until he had perfected a Matchless Musical Machine, not intricate mechanically, easily attached to any upright, square or grand piano, without the least possible injury or defacement, or in the slightest degree harming the piano.

It is capable of operation by hand, pedals, electric, water or other motor, and when in operation is under the complete and instantaneous control of the performer, as to tempo, and all the means of expression, such as quality of touch, holding of any note or chord, and use of both piano pedals. This is all accomplished without appreciable exertion.

The Lyraphone is not bulky in construction, is handsome in appearance, and after the first adjustment to the piano, which takes but a few minutes, can be instantly taken from the piano or attached thereto, without any disarrangement of its parts, and without the aid of any especially instructed assistant.

The standard case is made of mahogany, plain or figured, free from lavish decoration, and beautifully polished; cases also in rosewood, satinwood, white mahogany, etc.; outside dimensions: Length 47 inches, height, 39 inches, depth 17 inches; weight, 175 lbs.

Price, with foot power **\$200.00**

Price, with electric motor power **225.00**

"STRAUS" CABINET GRAND PIANO, \$125

STYLE H

THE music public has been quick to appreciate the merits of this "Straus" Cabinet Grand Piano, as is evidenced by the support given it by discriminating purchasers.

The cases are made in mahogany, oak and walnut, and are double veneered inside and out. It has a new patent scale, 7½ octaves, with full metal plate. The tuning pins are specially fitted with maple bushings. The frame has a new panel top and is elegantly finished with richly carved mouldings, pilasters and trusses. It has a full length music desk and rolling fall with continuous hinges on top and fall; patent mouse-proof pedals and guards, ivory keys, three unisons, with overstrung bass, patent repeating action.

This Piano stands 4 feet 8 inches high, 5 feet 3 inches wide, and 2 feet 3 inches deep, and weighs about 750 pounds. It is a beautiful instrument, with a rich, pleasing tone, and is warranted for ten years. Price \$125.00.

"STRAUS" PIANO. BEST GRADE, \$250

STYLE G

WE illustrate here our best grade of the "Straus" Piano. Its remarkable tone quality, power of tone, durability and responsiveness of action make it equal in every way to the \$350 and \$400 pianos sold elsewhere. It is a charmingly attractive, well made instrument, thoroughly up-to-date, solidly constructed and beautiful-toned, containing all of the latest improvements in piano-making. Every bit of the material that goes into it—wood, steel, iron, brass, ivory, ebony, felt, glue and varnish—is of tried-and-true quality.

The wood in the case is thoroughly seasoned, and double veneered inside and out. The action, or tone, though intricate and of great delicacy, is so carefully constructed as to be almost impervious to wear. The hammers are of best felt, carefully cut and fastened to the heads; strings are full length, fine tempered steel, supported by a full iron plate, and the sounding board is made of selected Norway pine. The casings are richly artistic, with excellent quality veneers and thorough varnish work. This splendid instrument is capable of great power of standing in tune, and a critical inspection will fully justify the claims we make for it. It has 7½ octaves, three unisons, three pedals, including muffler; double action with bass regulating screws, patent noiseless pedal action, full ivory keys, ebony sharps, full iron frame and hardwood open back frame. It can be furnished in dark or fancy mahogany, oak and walnut. Price as above, \$250.00.

Other grades and designs of this superb instrument, more or slightly less elaborate in detail, can be had at \$225.00 and \$275.00. Write for descriptions.

FOR DESCRIPTIONS AND PRICES SEE OPPOSITE PAGE

DESCRIPTIONS AND PRICES OF ARTICLES ILLUSTRATED ON PAGE 294

T 5188. This is one of our lowest-priced Violins, yet it possesses a tone equal to and in many cases superior to much higher-priced instruments; while it is possible to supply cheaper violins, we do not consider it good policy to offer anything that we cannot recommend as good value; this is a Russian violin, polished brown, with ebony trimmings and rounded corners, like cut; price. **\$3.78**

T 5189. Full Length Beechwood Violin Bow, imitation snakewood, bone frog, German silver button; price. **61c**

T 5190. Very Fine Violin Bow, made of genuine snake-wood, with ebony frog, leather grip and German silver mountings; price. **\$1.29**

T 5191. Peg Head Violoncello, with fine ebony finger-board; price. **\$11.31**

T 5192. This is a very good low-priced Mandolin and cannot be matched elsewhere for considerably more money; it is made of cherry and maple, nine ribs with green inlay between, has a black walnut fingerboard, white position dots, celluloid guard plate and nickel plated tail piece; each. **\$1.87**

Our Guitars are highest grade American make, mahogany, selected material perfectly put together and highly finished. They are unexcelled in tone, finish and price.

T 5193. Standard Size Guitar, mahogany body, Spanish cedar neck, inlaid edge and sound hole, convex rosewood fingerboard, position dots; price. **\$6.44**

T 5193A. Third Size Guitar, made exactly like the above; price. **\$6.44**

T 5194. Violin Bow, like T 5190, better quality; price. **\$1.49**

T 5195. German Violin, celebrated Maginni model, that is much sought after by skilled musicians. This instrument has many excellent features and at our price is a bargain heretofore unknown to musicians. It is finished in light brown, beautifully shaded and polished; the materials used are all first quality and the tone is very rich; price. **\$4.32**

T 5196. Grenadilla Wood Flute, key of D, four keys, German silver tipped, with tuning slide; each. **\$2.21**

T 5197. Fine Violin Bow, like T 5190, with imitation Grimm leather grip; price. **\$2.54**

T 5198. Good Quality German Violin, Stradivarius model, in a rich brown, prettily shaded and highly polished, smooth finish and amber varnished. This is one of the most popular models manufactured and at our price is a bargain of the best kind; price. **\$6.18**

T 5199. American Wood Violin Case, exposition top, with spring clasps and lock, full flannel lined; price. **\$1.87**

T 5200. Leather Guitar Case, to open at end, flannel lined, standard size; price. **\$5.61**

T 5201. Banjo Case, made of green felt, with buttons, either 10, 11 or 12-inch size; price. **68c**

T 5202. Grenadilla Wood Flute, key of D, six keys, German silver tipped, with tuning slide; each. **\$2.81**

T 5203. Nickel Rim Banjo, 11-inch rim, with wood lining, scroll head, ebonyized fingerboard and raised metal frets, calfskin head, 21 nickel plated stud brackets. **\$3.61**

T 5204. Russet or Black Leather Mandolin Case, hand stitched, full flannel lined; each. **\$4.81**

T 5205. Standard Size Guitar, same as T 5193, but with celluloid bound edge and sound hole; price. **\$7.41**

T 5206. Boxwood Clarinet, six brass keys, horn tipped; each. **\$3.61**

T 5207. Canvas Covered Guitar Case, with leather binding, full flannel lined, standard size; price. **\$1.08**

T 5208. Grenadilla Wood Flute, key of D, eight keys, slide, German silver tipped, cork joints, etc.; each. **\$3.98**

Musical Instruments Not Illustrated

T 5170. Full Concert Marine Band Harmonica, made by M. Hohner, has 10 double holes, 40 reeds, heavy nickel covers and open back; price.....49c
(Postage, if by mail, 6c extra.)

T 5171 and 5186. High-Grade C Cornet, made by Henry Pourcelle, Paris, France; made of polished brass with German silver pistons; price.....\$11.32

T 5172. Brass Cornet, E flat, with German silver pistons; price.....\$10.81

T 5173. Ballad Horn, in C, light action, German silver pistons, water key, music rack, silver plated mouthpiece; price.....\$28.99

T 5174. One of our lowest priced Accordions; is a splendid example of Macy value-giving in musical goods and one that we feel safe in recommending as an exceptionally good instrument for little money. The top is 6x12½ inches in size, neatly finished. We can furnish this accordion in assorted colors, with double bellows, cornice, nickeled corners and clasps, 10 keys, two sets of reeds and two stops; price.....\$1.91

T 5174X. Accordion, like the above, with one bell; price.....\$2.18

T 5175. The Marine Band Harmonica, made by M. Hohner, is regarded as one of the very best instruments of the kind made; it has 10 single holes, 20 reeds, heavy nickel covers and open back; price.....24c
(Postage, if by mail, 4c extra.)

T 5176. Fine Harmonica, made by M. Hohner, a name familiar to all musicians. This harmonica has 10 single holes, 20 brass reeds and nickeled covers; price.....21c
(Postage, if by mail, 4c extra.)

T 5177. This is a good low-priced Accordion, with frame of black moulding, colored top 6x12½ inches in size, open action, 10 nickel keys, 2 sets of reeds three stops, Italian tremolo, twelve bugles, double bellows, nickeled corners and clasps, and nickeled bellows corners; price \$2.68

T 5177X. Accordion like the above, with one bell; price.....\$2.74

T 5178. Regulation Model Drum, with shell made of best quality seasoned wood, two calfskin heads, hooks, cord and leathers, long shank snare strainer and rosewood sticks, shell of polished mahogany, with plain hoops, 16 inch; same size in rosewood, with plain hoops; price.....\$6.14

T 5179. Accordion, neatly finished in imitation rosewood, with open action, double bellows, nickeled corners and clasps, nickeled bellows corners, 10 keys, two sets of reeds and two stops. The top is 6x11 inches in size, with little ornamentation beyond the nickeled trimmings. This will be found to be a very good instrument for the price, \$3.26

T 5180, and 5185. Hohner Harmonica, 10 double holes, 20 reeds; price.....21c

T 5181. Accordion, black moulding, mahogany top, triple bellows, corners and clasp, 10 keys, 8 stops; size, 7½x14 inches; price.....\$6.99

T 5182. Accordion, 6½x12½ inches; ebonized frame, polished nickeled bands, wooden fold bellows, corners and clasp, 10 keys, 2 stops; price.....\$3.99

T 5183. Hohner Harmonica, a double instrument of strong, rich tone, has 10 double holes, 40 excellent reeds; this is a full concert harmonica and stands unexcelled; price.....46c
(Postage, if by mail, 4c extra.)

T 5184. Alto Slide Trombone, E flat, made of brass with special music rack; price.....\$9.72

T 5900. The John Philip Sousa Harmonica is one worthy of the name of that celebrated bandmaster. It is a high-grade instrument at a moderate price, has 10 single holes, excellent reeds and heavy brass covers, nickel plated; price.....19c

(Postage, if by mail, 6c extra.)

T 5901. John Philip Sousa Harmonica, constructed like the above, but full concert size, having 10 double holes; price.....39c

(Postage, if by mail, 8c extra.)

T 5902. The Brass Band Harmonica, made by Ch. Weiss, is one of the best moderate priced harmonicas imported. It has 20 single holes, 20 good reeds and nickeled covers; price.....24c

(Postage, if by mail, 4c extra.)

T 5903. Brass Band Harmonica, like the above, but full concert size, with 10 double holes and 40 reeds; each in a fancy box; price.....54c

(Postage, if by mail, 8c extra.)

T 5904. The Brass Band Clarion Harmonica, made by Ch. Weiss, brings out a pleasing novelty in harmonica construction and one that meets with instant approval. This idea permits the performer to change the tone of the instrument at will, giving imitations of flute, trumpet calls or church organ; it has 10 single holes, 20 reeds, powerful tone, and is easily blown; price.....29c

(Postage, if by mail, 6c extra.)

T 5905. Cornet, Upright Tenor, in B flat, made of brass with extra braces and heavy guard on curves; has German silver light action piston valves, water keys, patent music rack and pure silver rim mouthpiece. This is a strictly high-class instrument and should not be confused with tenors made without regard to their music-producing qualities, but with all attention given to selling for little money; price.....\$32.41

T 5906. Cornet, Upright Tenor, like the above, full nickel plated; price.....\$34.98

T 5907. Trombone, like T 5184, but nickel plated; price.....\$11.88

T 5908. Trombone, like the above, silver plated; velvet finish, with inside bell and tips burnished; price.....\$16.74

T 5909. Trombone, like the above, silver plated and full burnished; price.....\$18.36

T 5910. Tenor Slide Trombone, B flat, made of brass, with special music rack; price.....\$9.72

T 5911. Trombone, like the above, nickel plated \$11.88

T 5912. Trombone, like the above, full silver plated, velvet finish, burnished inside bell and tips; price.....\$16.74

T 5913. Trombone, like the above, silver plated; full burnished; price.....\$18.36

T 5914. Alto Trombone, E flat, made of brass, strictly highest quality, has German silver light action piston valves, water key, patent music rack and pure silver rim mouthpiece; price.....\$27.99

T 5915. Alto Trombone, as above, full nickel plated; price.....\$29.14

T 5916. High-Grade Bass Drums, with polished mahogany shell, and best calfskin head, complete with fine stick for each drum, 24-inch size; price.....\$8.64

T 5917. Bass Drum, like above, 26-inch size.....\$9.07

T 5918. Bass Drum, like above, 28-inch size.....\$9.98

T 5919. Bass Drum, like above, 30-inch size.....\$10.46

FOR DESCRIPTIONS AND PRICES, SEE OPPOSITE PAGE

DESCRIPTIONS AND PRICES OF GUNS ILLUSTRATED ON PAGE 308

Y 5340. This "Hamilton Take Down" rifle measures 28½ inches over all, has automatic shell extractor, chambered for 22 calibre rim-fire, long or short cartridges, fitted with adjustable rear peep sight, and can be recommended for its accuracy, durability and strength of shooting; price, each.....\$1.39

Y 5341. "The Crack Shot Rifle." Manufactured by the J. Stevens Arms & Tool Co. for 22 short, 22 long or 22 long rifle and 32 short rim cartridges. The new "Crack Shot" has all the good features of any of the best rifles now on the market. Guaranteed Quality, Finish, Accuracy, Style and Stability, as well as compactness in this rifle, and can have no hesitancy in recommending it; price.....\$2.94

Y 5342. Breech Loading Single Guns. Harrington & Richardson Single Barrel Non-Ejector Breech Loading Guns. This gun is built on the very best lines and is a close hard shooting weapon. In every respect of workmanship and finish, it is identical with the automatic ejecting gun. The extractor draws the shell well out so that it can easily be removed with the fingers.

Y 5342A. Polished blue steel barrel, 28, 30 and 32-inch; 12, 16 and 20-gauge; price.....\$4.24

Y 5342B. Same as the above, with automatic ejector, 30-inch; 12, 16 and 20-gauge; price.....\$4.98

Y 5343. Model 1890, "Take Down" 22 Calibre. The Magazine will hold 15 22 short, 12 22 long, 10 22 Winchester rim fire cartridges. Model 1890. Octagon barrel, 24 inches, 5½ pounds, adapted to 22 short, 22 long or 22 Winchester rim fire cartridges; price.....\$10.19

Mention what cartridge you desire to use when ordering.

Y 5344. The New Stevens "Favorite" Take Down Rifle. No. 17. Favorite Take Down Rifle is made with plain open sights, half octagon barrel, of best quality steel, and rifled as well as the high priced rifles. It has case-hardened frame, and when the breech block is down, the rifle can be cleaned without taking it apart. It has 22-inch barrel, is made to shoot 22, 25 or 32 rim fire cartridges, and weighs 4½ pounds; price.....\$4.94

Y 5345. Marlin Rifles. New Marlin Repeating Rifles. Model 1892, 22 and 32 calibre. This rifle in 22 calibre will shoot 22 short or 22 long cartridges in the same magazine. In the 32 calibre it will shoot short or long c. f. or rim fire cartridges, and it can be changed from rim fire to central fire by changing the firing pin only.

22 Calibre. Length of barrel 24 inches; magazine will hold 25 short cartridges, 20 long cartridges, 18 long rifle cartridges; weight about 5½ pounds; price, round barrel, \$11.49; price, octagon barrel.....\$12.49

32 Calibre. The 32 calibre takes rim or central fire cartridges in the same rifle by changing the firing pin. Length of barrel 24 inches; magazine will hold 18 short rim or central fire cartridges; weight about 6 pounds; price, round barrel, \$11.49; price, octagon barrel.....\$12.49

Y 5345A. The Marlin Safety Repeating Rifle, Model 1894. This is the latest and most improved repeating rifle to use the popular 25-20 Marlin 32-20, 38-40 and 44-40 cartridges, and is the natural successor to the well-known 1889. In the Model 1894 Rifle, every desirable feature of the 1889, which tended to make that arm the sportsman's favorite wherever used, is retained and the improvements suggested by five more years of experience and experiment are added. This rifle is practically the Model 1893 Rifle adapted to the shorter cartridges. Improvements which have been tried and shown to be an advance are now embodied in our rifle to use the Model 1889 cartridges. Price of model 1894, with 24-inch barrels, 14 shot, about 7 pounds, round barrel, \$10.98; octagon.....\$11.98

American Gun Co. Machine Made Double Hammer Guns. The American Hammer Guns, every part of which is made in this country, is without exception the most attractive one offered in the market. All parts made of drop forgings (no casting used.) A few points that recommend the American Hammer Guns: Being machine made the parts are interchangeable, and we can supply duplicates at small cost. They are manufactured entirely in this country. Genuine Twist and Damascus barrels are used in place of imitation. In finished appearance and workmanship they far excel imported guns. The double bolt in place of single is a feature of strength. Both barrels choke bored.

Y 5346. Has top lever action, Genuine Twist Steel Barrels, water treble breech, interchangeable lock parts, double bolt, bar locks, low circular hammers, full rubber capped pistol grip, matted extension rib, choke bored, fancy rubber butt plate. This gun is well finished and equal to many guns sold at double the price. Made in 12 and 16 gauges; 28, 30 or 32-inch barrels; 7½ to 8½ pounds; price.....\$12.96

Y 5346A. Same style gun as above, fitted with genuine Damascus barrel; price.....\$15.96

Ithaca Guns. We have decided to carry this line of well-known guns, which are known throughout the entire country as one of the best American guns on the market. They are used by thousands of shooters, and the fact that the sales of this gun are increasing yearly demonstrates the satisfaction which it is giving to the users. Ithaca guns are guaranteed in every particular. Their shooting qualities must give the user satisfaction, otherwise he is not obliged to keep the gun. The workmanship and material are absolutely the best that can be put into guns and nothing better can be asked for than the material, work and finish of the Ithaca Gun.

Strong Points of Ithaca Guns. 1st.: Every hammerless gun is crossbolted in addition to our regular fastening, which has stood the test for twenty years, making two independent fastenings, either one of which will hold the gun securely. 2nd.: The frame is no larger than the ordinary hammer gun, retaining a more graceful outline and greater strength of metal than any other hammerless gun frame. 3rd.: The strongest and simplest action in the market. 4th.: Self-compensating action, taking up wear at every point; the only self-compensating action made. 5th.: Automatic and independent safety. 6th.: Rebounding locks and independent gas and dirt proof plungers, thus avoiding the danger of exploding primers when strikers are down and keeping all gas and burnt powder out of locks. 7th.: No forward thrust on the fore end. The act of cocking the gun draws the barrel more closely to the frame and removes all strain from the hinge point. 8th.: The barrels can be put on or removed at all times without reference to the gun being cocked or not. 9th.: Continued tension or main springs not necessary when gun is not in use. 10th.: To let the strikers down when gun is cocked, and to avoid snapping the gun, drop the barrels, push the safety back to independent notch, pull the triggers back and hold them while closing the gun. 11th.: The top lever may be tripped when taken apart to put in case by pressing the spring in the bottom of the frame with pencil or any other instrument. 12th.: All ribs are not only matted but concaved, which absolutely prevents cross-firing. The reinforced frame and double thick nitro breach makes the Ithaca gun the safest gun for nitro powder.

Y 5347. The very best imported English Stub Twist Barrel, black walnut stock and fore end nicely hand checkered, half pistol grip, neat scroll on each side of frame; 10, 12 and 16 gauge; price.....\$23.98

Y 6015. Same as above, with silk stripes; in red, royal blue and light blue; price, per pair.....49c

Ideal Striking Bag Platform

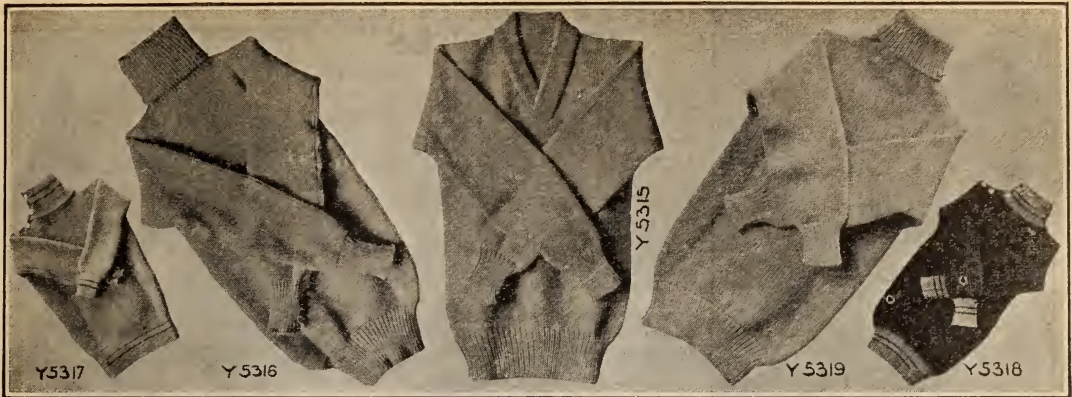

Bag Punching is really a fascinating diversion capable of so many combinations that it is interesting alike to the young boy and the seasoned athlete. When its healthful advantages are considered it is remarkable that there are not more bags in use, especially where there are boys and girls who would not otherwise take sufficient exercise to keep them in good physical condition.

The solid disk for striking bags will always hold a high place in the estimation of many on account of the variety of work it permits. The style introduced some years ago is the one which has been imitated most generally, but in all these substitutes the makers, while making them lighter, have uniformly neglected the most essential point and have produced an article flimsy and unsatisfactory to a degree.

A striking bag disk must be substantial if it is to be of use, and in the various styles, both adjustable and braced, which we list below, this feature has not been neglected, while we have striven to put out a disk which is suitable for home use and moderate in price.

The Ideal Platform has been greatly improved for 1905. All metal parts are guaranteed against breaking. The bag and bladder are made of finest leather and rubber, which makes this platform one of the most desirable to be had.

Y 6016. "Ideal" Striking Bag Platforms, the most perfect ever designed for home use, complete with Striking Bag; price, each.....\$4.67

Y 5315. Men's Medium Weight Worsted Sweater; "V" shaped neck, of finest quality worsted; can be worn without removing shirt collar, which is visible when worn; a stylish garment for general wear; sizes 34 to 44; price **\$1.49**

THE WHITELY EXERCISER

It is a complete home gymnasium, composed of a long elastic cord, running over fine pulleys. It requires no floor space when not in use. It is absolutely noiseless when in operation. There are no weights to chain, and no straps to buckle. No tools of any kind are required. Its weight is a trifle over a pound. It will last several years with ordinary use.

The exerciser is suspended from two small steel hooks in a moment of time or from the hinges of a door. It can be carried without inconvenience by travelers. The Whitely Exerciser is equally suitable for the strongest man or the

smallest child. It is especially adapted to the use of ladies. It is impossible to overdo with the "Whitely."

Y 5553. Whitely Exerciser and Chart, complete in box with foot attachment and package of hooks, choice of either heavy, medium, light or child's cable; shipping weight 20 ounces; price.....**\$1.49**

These "G. B. D." English make Pipes are made of the finest carefully selected French briar, in a variety of shapes, and fitted with vulcanite rubber mouthpieces that fit closely in sockets, instead of screwing in place, and with sterling silver bands, and are easily and quickly removed for cleaning. They are the best French briar Pipes sold in this country, and we sell them much lower than you can buy them abroad.

DESCRIPTIONS AND PRICES OF CIGARS ILLUSTRATED ON PAGE 332.

CIGARS

X 8198. FLOR DE MERODE CIGARS

The man who finds straight Havana too heavy for purse or palate takes kindly to Flor de Merode Cigars. Fillers are finest Havana, sheathed in mellowing Sumatra wrappers, the work being done under the eyes of our expert. The never-varying quality and the individual flavor and fragrance have made this one of our best like brands. And—as the Sumatra tones the Havana, so our methods of producing soften the prices—about half under straight Havana figures.

	Box of	Each
Infantes.....	50	\$1.89
Sirenas.....	50	2.49
Panatelas.....	50	2.99
Regalia Bouquet.....	50	2.99

X 8206. La Normeda Diplomaticos, fine, long combination filler and Sumatra wrapper, box of 50; price.....\$1.98		
X 8207. Genuine Havana Resagos Cigars. These cigars are made of Havana wrapper and Havana filler. The Havana wrappers used are slightly imperfect, not good enough for high price cigars, but in no way is the quality impaired; box of 100, each.....\$3.49		

FLOR DE BAHAMA

In every respect the Flor de Bahama resembles the El Cio, the making being done at Tampa where expert Cuban cigarmakers turn them out, the best imported Havana stock being used.

	Box of	Each
X 8208. Regalia Imperial.....	50	\$5.96
X 8209. Comme Il Faut.....	50	3.49

X 8225. Rothschilds.....	25	1.69

LITTLE HAVANA PERFECTOS

In cigar making there are always small wrappers utilized as fillers, just because they are not large enough for regular size cigars. Our cigar man has found a Cuban factory where the finest Havana wrappers of this sort were being used up as fillers. He made an arrangement whereby the factory utilized these small wrappers in manufacturing a small cigar with every feature of material and making that enter into the best imported goods. We call these "Little Havana Perfectos"—just as good as any expensive cigars you can get, only smaller—and very much smaller in price.

	Box of	Each
X 8235. Little Havana Perfectos.....	100	\$2.78
X 8236. Little Havana Perfectos.....	50	1.39
X 8237. F. Garcia & Bros.' Havana Smokers, made in Tampa, absolutely all Havana filler and wrapper, Cuban hand-made, equal in quality to most 10c cigars; box of 50, each.....\$1.98		

X 8227. "MACANEA" PORTO RICAN CIGARS

are hand-made in Puerto Rico, and nothing but the finest native grown tobacco is used in the manufacture.

COFFEES

GX 12. Macy's Best, Genuine Old Mandheling Java and Arabian Mocha

Not one Coffee drinker in a thousand would like Mocha alone, or Java alone. Certain blending brings just the right flavor and strength. There is no finer Coffee grown than this Mandheling Java and Arabian Mocha, and it is mixed in the proper proportions to please the most exacting palate. No matter what price you're willing to pay for Coffee, you can't buy a richer or better blend than this. Pound tins, bean, granulated or pulverized.....\$0.49

GX 13. Red Star Brand

This is a blend of the choicest Private Estate Coffees, and the demand for it is enormous. Customers long ago learned that Red Star as a brand on any article we sell is an assurance of a rare good quality at the least possible cost. So Red Star Coffee sells better than any other blend we have, because it is rich and delicious, at a moderate price. We roast and grind it daily.

Pound cartons, roasted in the bean, granulated or pulverized.....\$0.29
Five pound-cartons (in the bean only).....1.39

GX 14. Genesta Brand

Here is an Old Government Coffee blend—rich, fragrant, mellow—regarded by many as the equal of the best Mocha and Java combination; but we make no such claim for it. It is an excellent and satisfactory combination of those Old Government grades that are so well liked by many Coffee users, and to them, no doubt, it is the best Coffee in the world. We're sure it is far superior to many of the so-called best Mocha and Java mixtures, and at a price that puts it well within the reach of everybody.

Pound cartons, roasted in the bean, granulated or pulverized.....\$0.24
Five-pound cartons (in the bean only).....1.14

GX 15. Vienna Brand

This is one of our own popular blends—the basis of a cheerful cup of fragrant and stimulating Coffee, that can be had for a full fourth less than equal grades command elsewhere.

Pound cartons, roasted in the bean or granulated....\$0.20
Five-pound cartons (in the bean only)......94

GX 16. Sultana Brand

This brand is a mixture of the choicest South American Coffees, especially blended by us, and is not to be compared with the average grades of package Coffees, though selling for nearly as little. It will be found equal to many Coffees sold for a full third more.

Pound carton, roasted in the bean or granulated....\$0.16
Five-pound carton (in the bean only)......74

GX 18. COCOA

Starch-adulterated Cocoa preparations always show their inferior quality by leaving a sediment that won't dissolve. Macy's Cocos and Chocolates are absolutely pure and unadulterated, and two-thirds the amount required of other brands will be found sufficient if Macy preparations are used.

GX 22. BAKING POWDER

Thanks to the keen rivalry existing among the Big Baking Powder manufacturers, you've learned to avoid the alum powders, because you know they're injurious to health. Nothing equals pure cream of tartar in Baking Powder making, though it costs many times the price of alum. Red Star Baking Powder is made of the purest cream of tartar—made in our own laboratory—and it costs little more than the inferior alum powders.

GX 32. FLOUR

What a pity you can't judge Flour by just looking at it. Different brands look for all the world alike, yet every woman knows how vastly results differ. Go back to the wheat for a reason. Musty, old grain that has been stored in elevators too long, won't make good Flour, even with the best milling in the world. Our own brands of Flour are made of the finest, hard, flinty wheat properly milled, and combining every essential a careful housewife expects.

We add to our supplies only when the grain market is favorable, so that we can invariably quote lower-than-market prices on Flour.

GX 34. SOAP AND LAUNDRY SUPPLIES

The cotton and linen industries owe much to Soap manufacturers, who use low-grade grease and high-strength lye in making cheap laundry Soaps and Washing Powders. Yet the woman who buys these same cheap supplies often wonders why her linens fail so rapidly after a few tubbings. False economy—no better name for it.

We are waging a war on unscrupulous makers of Soaps and Washing Powders by handling only those Laundry Supplies of known goodness. You can add life to your linens by helping the fight and it won't cost you a mite more than you pay ordinarily for the Soaps and Powders that work havoc in the tubs.

GX 36. OLIVE OIL

Foreign-looking labels are not a guarantee of purity in Olive Oil, and "more's the pity." Some of our cousins across the water have adopted the shrewd Yankee trick of buying American cottonseed oil to use as an adulterant and add to the profits of the Oil industry. How avoid it? Only by handling the product of some world-famous Oil producer, whose name means to Olive Oil what Sterling means to silverware.

Ask any unprejudiced expert about Leon Marceau Oil. We import this direct from France, and we have yet to hear of anyone doubting its purity after a trial. Macy prices make it as easy to own as the cottonseed mixture. What is your choice?

GX 65. PLUM PUDDING

No one requires an "educated appetite" to enjoy a good, old English Plum Pudding. Here's the "Macy"—made after an English recipe that has been handed down from past generations. We've followed it to the letter, using the choicest ingredients to produce a delicious, wholesome, appetizing Pudding. Put up in convenient sizes for any family, at a price really less than the ingredients alone would cost if you were to "try your hand" at making one.

GX 78. LILY WHITE BRAND SOUPS

Canned Soups do not owe all their popularity to the help they render in such emergencies as the coming of unexpected guests, though in such cases it's important to have a supply handy. Home menu-makers have learned that these rich, delicate-flavored Soups are better than they can make in their own kitchen, as inexpensive as the home Soup stock method, and far less troublesome. Then, the variety! As broad, if you choose, as the largest hotels or restaurants can offer. These soups are put up in convenient sizes, one small tin being sufficient for half a dozen portions. We guarantee the quality.

CANNED VEGETABLES

When you buy canned goods you're buying "a pig in a poke." Pretty labels are often mere shams, that mislead one into believing the contents of a can are all the label claims they are. There's only one sure way—being sure of your store.

We control almost the entire output of a number of canneries, and we get the pick of the packing, just as if we operated the canneries ourselves. All the vegetables are selected for us—fresh, sound, perfect. You can gratify a desire for the very best for as little money as the inferior grades cost if you choose here.

GX 105. CANNED FRUITS

Too prim and particular, you'd say we are if you knew how carefully we select Canned Fruits. It pays to be. We'd rather offer you perfect goods, and have a year's orders, than sell you an inferior grade, making a bit more profit out of the one transaction, for you'd hardly buy more than once. So we insist upon fresh, ripe fruits, pure sugars and hand-packing. You will find these fruits perfectly preserved in rich, heavy syrups, with all their natural flavor. Yet the prices, in many instances, are less than asked for poor grades.

GX 128. CHAMPAGNES

You're partial to some particular brand? Most persons are. Have we missed it? We've listed pretty nearly every favorite we know of—and their particular qualities rest with you and your knowledge of sparkling wines.

We are large importers of two particular brands noted for their excellence, but we're not so prejudiced as to stop at two. Here the old and new world wine-makers get fairest representation.

Be careful to note the prices. We know many jobbers who get more at wholesale for these same brands than we ask you to pay in the regular retail way. Of course, no other retailers can compare with us.

MOSELLE WINES

We are importers—and every case we bring from abroad is subjected to a critical test by our expert before he accepts it. We don't know of another house selling equal grades of good Moselle for so little money, and at the same time giving such a wide range for selection. Moselle, like Rhine Wine, is at its best for serving at a temperature of 45 to 50 degrees.

CLARETS

Just three reasons why our wine stock should interest Claret buyers: Quality, Variety and Price. Two of these reasons are plain at a glance. Quality is proved only by test—and we hope you'll make it as critical as we do when we select these for you.

STRAUS CUT GLASS

No going to foreign shores for Fine Cut Glass, as we go for Fine China. Straus Cut Glass wrested that honor away from the best workmen in England and on the Continent years ago, and gave to America cut glass supremacy. The Chicago World's Fair awarded it first honors, and every year we've tried to better it, if such a thing could be done. This is the only retail house in the world operating a glass cutting plant. We use only the finest blanks and the crystal cuttings are perfect. There is no finer ware produced than the Straus, and none sold for so little money.

Y 8436. Cut Glass Ice Tub, "Jubilee" pattern; 7 inches in diameter, 4½ inches to top of handles; price, \$8.93

SPECIAL BARGAINS IN STRAUS CUT GLASS

When we say Cut Glass, we mean deep cuttings—heavy, rich, brilliant effects. Others, in their effort to meet our price, relying on your credulity, put the ordinary light,

dull Bohemian glass in competition with ours. Straus Cut Glass costs less than inferior, lustreless wares, simply because we produce it in our own cutting shops, and you buy it without the middleman's profit.

Special attention is given to make every piece of Straus Cut Glass as artistic as is possible, therefore Straus designs are so desirable.

CHINA AND GLASSWARE

Macy's is the only store in the world enjoying the facilities that connect pottery and decorating shops with the home direct. Being manufacturers, we have our own glassware factory at Steinhonau, Bohemia; our own porcelain decorating plant at Carlsbad, Bohemia; our own pottery at Rudolstadt, Thuringia, and our own China decorating plant at Limoges, France. In addition, we have a China decorating plant on the eighth floor of our mammoth store, where is also located our glass-cutting shop, both of which are a source of interest to store visitors. Macy's is recognized as America's leading China and Glass store, a reputation won by years of experience as manufacturing retailers. With our own products we handle the best wares of other manufacturers, including complete lines of Haviland ware. We buy these by hundreds of cases and sell on the closest possible margin of profit, and a careful comparison will show that our prices are very much lower than any other house in America quotes.

We have catalogued here only such items as we feel confident cannot be duplicated in quality and price by any one. We invite comparison of prices with not only the prices listed in retail catalogues, but those in wholesale as well. The excellent care taken in packing our crockery prevents breakage.

This is an open stock pattern. Dinner Set of 102 pieces. See assortment on page 355. Price..... **\$18.81**

Y 8717. French China Dinner Service, first selection, made in our own Limoges factory; pretty shape, decorated with pink floral border, design and sprays; handles and knobs clouded with good gold; sold in any quantity. Dinner Service, 101 pieces. See assortment on page 357. Price..... **\$30.88**

Y 8718. Theo. Haviland White China, new shape, and sold in open stock. Dinner Set of 101 pieces. See assortment on page 357. Price..... **\$33.69**

Y 8719. If one wants an imported Dinner Set of good quality porcelain at a very moderate price, we would suggest this pretty Dresden Pattern. It is made in Germany by Villeroy & Bock, who guarantee every piece of it to be first quality earthenware. The decoration is in a light blue design, the blue flowers being prettily sprinkled on the borders and in the centers a handsome medallion. This, also, is an open stock pattern. Dinner Set, 101 pieces. See assortment on page 357. Price **\$17.99**

Y 8720. Dinner Set of Theo. Haviland China; every piece bears the stamp of Theodore Haviland, Limoges, France. This is a dainty pattern, intended for constant service; decorated with light purple floral design of sprays, with faint green leaves and stems; handles are clouded with good gold thoroughly burnt on. This ware is guaranteed not to craze; an open stock pattern; sold in any quantity. Dinner Set, 101 pieces. See assortment on page 357. Price..... **\$33.87**

Y 8723. Malta Toilet Set; plain print in blue, green and brown.

7 pieces, price, **\$2.49**.—The 7 piece set consists of 1 Basin, 1 Large Ewer, 1 Covered Chamber, 1 Soap Slab, 1 Mug, 1 Open Jar

9 pieces, price, **\$1.89**.—The 9 piece set consists of 1 Large Pitcher, 1 Small Pitcher, 1 Covered Chamber, 1 Wash Basin, 1 Covered Soap Dish, 1 Brush Vase, 1 Mug

11 pieces, price, **\$3.19**.—The 11 piece set consists of 1 Large Pitcher, 1 Small Pitcher, 1 Covered Chamber, 1 Wash Basin, 1 Covered Soap Dish, 1 Brush Vase, 1 Mug, 1 Covered Slop Jar

(Where we say a 10 and 12-piece Toilet Set, the soap dish has a loose drainer; on the 9 and 11-piece sets the drainer is fast.)

The Above is also Sold in Open Stock at the Following Prices:

Each.	Each.	Each.

GREENWOOD CHINA AND WHITE GRANITEWARE

Greenwood Vitrified China

Hotels, boarding houses and the like seeking the best China ever made for the purpose, and at the lowest prices in the market, cannot afford to overlook Macy facilities for supplying their needs. Our Vitrified Hotel China, in heavy and medium weights, has features of excellence that readily commend it to persons wanting a durable ware that will not craze nor discolor and absorb grease when clipped. But the price is our strongest claim for your patronage. We are in a position to sell you this splendid ware for less than others ask for the inferior kind. We also decorate this ware with band and monogram for 49c. the dozen extra when bought in lots of twenty dozens or more. This enables you to get monogrammed ware for your hotel or boarding house at about the same price you'll pay elsewhere for plain ware of an inferior grade. We call this our Greenwood Hotel China, and furnish it in either thick or half-thick—two weights—at the same prices. State which you desire.

ABOUT LAMPS

THERE is no lamp stock in America to excel ours in point of variety and economical pricing. So liberal is the assortment that it is almost impossible to catalogue more than a few of the many patterns and designs. As a rule, the Lamps are all sold separately, and it is left to the purchaser to choose extra the globe or shade best liked. We have over one hundred different styles of shades and globes, but for convenience we have fitted each of the Lamps shown with globe, making a popular combination. Should you desire a more extensive selection, please write us, describing the style and price wanted, and we will endeavor to furnish exactly the design wanted. For gift purposes Lamps are peculiarly well adapted, and most acceptable.

DESCRIPTIONS AND PRICES OF LAMPS ILLUSTRATED ON OPPOSITE PAGE.

Our "Christmas Gifts" Catalogue Will Help You Decide What to Give. Have Your Name Listed for a Copy

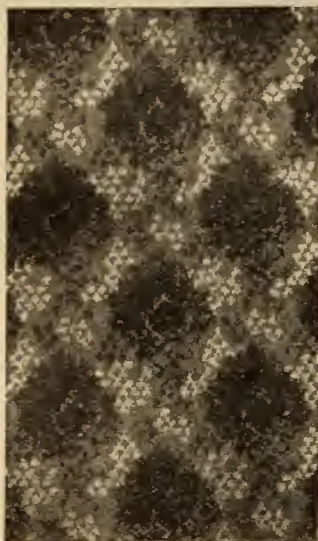

HAVE YOUR CARPETS SEWED

WE have in our work room electric power Carpet Sewing Machines, which are run by experienced operators, and we are prepared to do all kinds of carpet sewing in the most workmanlike manner. Our price for sewing carpets is five cents per yard for plain work, and nine cents per yard for sewing and fitting bordered carpets. Where bordered carpets are intended for rugs, or do not cover the entire floor, we stretch and size them without extra charge. Where carpets are to be sewed, write "make" on your order; and be sure to give the SIZE OF THE ROOM, OR ROOMS, IN FEET AND INCHES. IF CARPETS ARE ORDERED MADE WITH BORDER, SEND THE EXACT SIZE WITH ALL MEASUREMENTS. Mention which way of the room you wish breadths to run. If no preference is given, we always cut to the best advantage. It is our custom to use half breadths when necessary to save waste. Where half breadths are used we send them in two pieces, as shown in illustration, section A of which will match in design the full breadth, while section B will not match exactly. Always allow from one to two yards extra for waste in matching, according to the size of the room.

CARPETS

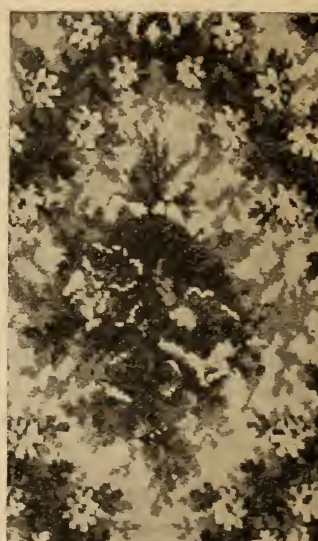

AXMINSTER, VELVET AND TAPESTRY BRUSSELS

GH 6411

GH 6413

GH 6412

CORDEMON CARPETS

GH 6429. This fabric is made with a very heavy cotton warp in solid colors; a black and white cotton twist is used for filling which is nearly all covered by the warp, making a very fine granite effect. This carpet is extensively used for fillings around rugs or for entire floors. Can be supplied in the following colorings: blue, red, gold and green, 36 inches wide, price per yard, **44c**; 18 inches wide, with variegated color border, **24c**; 22 inches wide, with variegated color border, **29c**.

ALL-WOOL FILLING

GH 6430. This Filling is woven the same as an extra super all-wool ingrain carpet, only in plain or solid colors; it is used for filling around rugs and for covering entire floors; can be supplied in the following colors: red, crimson, blue, Nile, bottle green, olive, brown, buff and old gold; 36 inches wide; price, per yard, **74c**.

MATTINGS

Napier Matting

GH 6431. Napier Matting is made of very heavy twilled jute. It is very strong and durable. We have it in tan and white mottled effects, tan with red stripes. Width, **18 inches, 27 inches, 36 inches.** Price, **26c 38c 49c**.

Cocoa Matting

For public halls, schoolhouses, churches, etc., there is nothing better.

FURNITURE

Buy Furniture at Macy's, where only dependable goods are sold

The largest and most varied stock of furniture in America is found at Macy's. Here it is not difficult to purchase; no need to hesitate as to wearing qualities and durability. None of the cheaply made and outward showy furniture found in the Macy display; every article, whether a footstool or sideboard, has undergone the same careful construction and finishing. We offer high grade furniture at lower prices than others ask for inferior kinds. The illustrations herein shown cannot possibly do justice to the goods, but give a fair idea as to styles, shapes and decorations; invariably when the goods are received, they exceed all expectations.

Our liberal policy, permitting patrons to return any unsatisfactory article, gives you an opportunity of carefully examining the goods in your home, and should it be found that any purchase is not as desired, upon return, we will promptly refund money. By adding freight rates to our prices, you will still find that they are lower than your home dealers' and those of other houses.

KL 6569. As a Davenport

KL 6569. As a Bed

KL 6571

KL 6570

THE NEW CENTURY DAVENPORT

KL 6569. It has solved the folding bed problem; a Davenport and Bed combined; the latest and most up-to-date article of furniture is the New Century Davenport Bed.

This Davenport is constructed entirely of Bessemer steel throughout; there is no crack, crevice or corner wherein vermin may harbor, thus making this Davenport entirely vermin proof, hygienic, sanitary and clean.

Fitted with the celebrated Rip Van Winkle spring (guaranteed for 20 years), and this is further supported by three rows of spiral springs.

Covered with a denim or velour mattress and furnished with a couple of pillows, makes a very handsome Davenport. To change the Davenport into a bed, simply unhook the two arms, and let the back down.

As a bed, it is 4 feet 2 inches wide, by 6 feet 2 inches long. During the day the bedclothes may be hung on a rod provided on the back for that purpose; price, complete with plain green denim mattress, **\$14.74**; price, complete with velour mattress, **\$19.67**

THE TWENTIETH CENTURY COUCH

KL 6570. This is an entirely new idea in Couch construction and the greatest advance in Couch making in a century. The framework is steel with a raised head and is neatly enameled olive green. The spring work is the celebrated National Fabric, composed of links in squares with highly tempered helical springs on both ends. The upholstery is in loose cushion form, covered with high grade velour, crushed plush or denim, with a wide valance of the same goods reaching to the floor. The cushion is closely tufted and finished with a roll edge on four sides. The advantage of this style of couch over the old construction is as follows:

1st. The steel frame is indestructible and every part easy to clean.

2nd. The upholstery is easily taken off, dusted and aired and can be made over as easily as a mattress.

3rd. The couch is as soft and comfortable as the most expensive custom made couch at one fourth of the price.

Frame only.....**\$5.67**

Green Denim Cushions, extra.....**6.67**

Velour Cushions, extra.....**10.49**

Crushed Plush Cushions, extra.....**16.74**

KL 6571. This Couch is the perfection of Sliding Couches.

It is the widest couch manufactured—2 feet 4 inches—and makes a bed 4 feet 8 inches wide, the widest bed of any combination Couch manufactured; wider, in fact, than a full-size stationary bed by 2 inches.

The sliding section of this Couch rolls out on ball-bearing casters, for which grooved steel rails are provided. It is therefore operated with the utmost ease and satisfaction.

This Couch is furnished with the celebrated Rip Van Winkle spring, which is guaranteed for twenty years.

Every ounce of material entering into its construction is of the highest grade procurable, and we guarantee this Couch unconditionally in every respect.

Frame only.....**\$6.96**

Mattress of Plain Green or Figured

"NEW RED STAR" DROP-HEAD SEWING MACHINES WITH AUTOMATIC LIFT

Price, \$18.98

Description of the Mechanical Principles of the Light Running "NEW RED STAR" Sewing Machine

Every sewing machine is guaranteed for 5 years, and includes a complete set of modern attachments, besides an instruction book.

BX 9201. Price, \$18.98.

THE HEAD possesses a symmetry of form both artistic and beautiful, in which its strength has not been impaired. The arm is very high, affording ample space for stitching any class of goods. The round cornered bed-plate is especially designed to rest upon the stand on a level with the table board, which is one of the most recent improvements. By the use of special patented hinges, the operator can easily oil and clean any of the working parts underneath the bed-plate, and can also easily and quickly remove the head from the stand without the use of wrench or screw-driver. The design of ornamentation is one which corresponds with the natural beauty of the machine.

THE MOVEMENT is positive and is governed by gears, which expert mechanics consider to be the best. There are few sewing machines, if any, so free of friction and vibration as the "New Red Star" machine. Moreover, its parts are so accurately made and adjusted that it can be operated with high speed.

THE FEED is positive, and so evenly adjusted that it will carry the goods beneath the presser foot with but little, if any, guidance by the operator. The feed is one of the most important parts of a sewing machine's mechanism, and that which the "New Red Star" machine possesses is indisputably the best.

THE AUTOMATIC BOBBIN WINDER. This is arranged for winding the bobbins directly from the spool, evenly and compactly. A poorly wound bobbin gives as much if not more trouble to the operator than any other part of the sewing machine.

THE STITCH REGULATING DEVICE is simple and effective. With this mechanism a change in the length of stitch can be effected while the machine is in operation. It is located in a convenient place at the base of the arm of the machine, where it does not interfere with the operator.

THE NEEDLE BAR is manufactured of the best steel, and so perfectly connected with the other mechanism that its adjustability is simple, and its durability beyond question.

THE TENSION RELEASER is automatic, which enables the operator to remove the goods from the machine without breaking the thread or disturbing the setting of the needle.

LOOSE BALANCE WHEEL. To enable an operator to wind a bobbin automatically without running the machine, the balance wheel has been so constructed that it can be readily disconnected. This makes the operation of winding the bobbin most simple and easy.

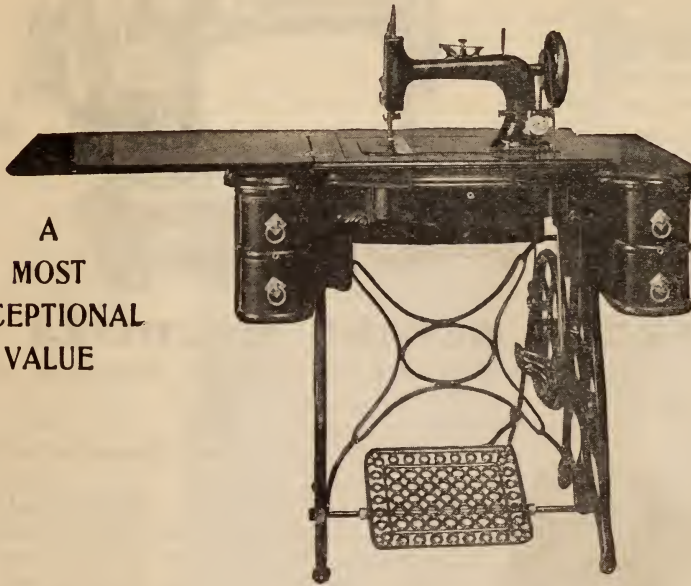

SELF-SETTING NEEDLES. These cannot be set wrong, and consequently save the operator from annoyances which other needles give.

THE TAKE-UP is self-acting, and the coarsest and finest threads can be used with equal facility. The operation of threading the "New Red Star" machine is most simple, and it has fewer springs and tensions than most other sewing machines.

BALL-BEARING STANDS. Automatic Lift. The "New Red Star" machine was one of the first to be provided with this recent improvement which reduces the friction to a minimum. We claim our ball-bearing device to be the best of all.

MACY SPECIAL DROP HEAD SEWING MACHINE

Every Sewing Machine is guaranteed for five years and includes a complete set of modern attachments, besides an instruction book

EXCEPTIONAL
VALUE**

**FOR
DURABILITY
IS
UNEQUALED**

Mechanical Points of Superiority of the Macy Special Machine

AUTOMATIC BOBBIN WINDER. Winds the bobbin evenly and quickly. Parts are all hardened and tempered, giving great durability.

SELF-SETTING NEEDLE. Of best quality steel. No trouble to adjust.

SHUTTLE. Large, easily threaded, and with automatic tension.

POSITIVE TAKE-UP. Effective and reliable at any speed. Positive feed motion. Satisfactory at high as well as low speed.

DOUBLE FEED. Sure to move the work properly and permit sewing close to edge, with material at either side of needle.

BETTER TENSION. Conveniently located. Easily operated and arranged to release the thread without loosening thumb screw.

STITCH REGULATOR. With gauge on front of arm. Adjustable at once to a definite number of stitches per inch.

CONICAL BEARINGS. Adjustable to wear, preventing rattle and contributing to durability.

COMBINATION FLY WHEEL. Permits winding of bobbin without running the machine or removing work from under the needle.

ALL CAMS AND ECCENTRICS. Have smooth and noiseless motion. No gears to grate, grind, rattle or break. No cheap devices like elbows on the main shaft.

THE STAND. A combination of features resulting in light running and ease of operation.

WOODWORK. Of latest type of built-up stock, never warping, and finished in the best possible manner.

SIDE DRAWERS. Supported by substantial iron shelves.

GO-CARTS AND BABY CARRIAGES

Descriptions of Gears and Equipments

D Gear

The D Gear has Four Anglo Steel Springs.

The reachers are bicycle tubing. The cross handle genuine porcelain, three pieces over a solid steel rod and joined by nickel bands with lock nuts and end knobs.

The wheels are 16x16 inches, with $\frac{3}{8}$ -inch rubber tires.

E Gear

The E Gear is constructed with wooden reachers, enameled green, having the cross handle of white enameled wood. Coil and U springs.

The wheels are 16x16 inches, nutless, with $\frac{3}{8}$ -inch rubber tires on go-carts; on baby carriages, 16x22 inches.

F Gear

The F Gear is exceedingly strong, neat and light. The pushers and axles are genuine bicycle tubing re-inforced; not a bolt or screw used, and only two springs, resting on the axle, which is the same continuous piece of tubing as the graceful pushers. The nature of this spring is such that it is impossible to bend it out of shape otherwise than brought to a white heat. Back springs are not necessary on this gear.

The wheels are 16x16 inches with $\frac{3}{8}$ -inch rubber tires, nutless and barrel hubs. A hard rubber cap, which is vulcanized on a worm, is mechanically fastened to the hub by means of a tool. Once in, it cannot be removed, except by sheer force, in which event it breaks the entire hub cap. It protects the woodwork and furniture from scratching.

Go-Carts are all quoted without cushions, parasols, rods or lace covers.

AGATE NICKEL-STEEL WARE

AL 2054

AL 1920

AL 1921

AL 2024

AL 2042

AL 2036

AL 2032

AL 2053

AL 2050

The superiority of Agate Nickel-Steel Ware over all other makes of culinary utensils consists largely in the fact that the enamel is so hard that the fusing point is not reached until the nickel-steel, of which the articles are formed, is about ready to melt, thereby combining with the pure vitreous composition and forming a clench of perfect union, which no subsequent heating can destroy, and which for tenacity and power to resist the action of acids has no equal.

The purity of the materials used in its composition, the excellency of the workmanship, together with the finish and multiplicity of designs and shapes, are such that it enjoys a world-wide reputation.

The ware is strong and durable, yet light and convenient to handle. It is double coated with a hard vitreous covering, presenting a smooth, highly polished and beautifully mottled gray surface, very handsome in appearance, and as easily cleaned as china. Altogether it is the cleanest, most durable and best ware for family use ever made. It will not rust, break or solve like ordinary enamels, and is absolutely pure and safe to use, as certified to by the most eminent chemists here and abroad.

FOOD CHOPPERS

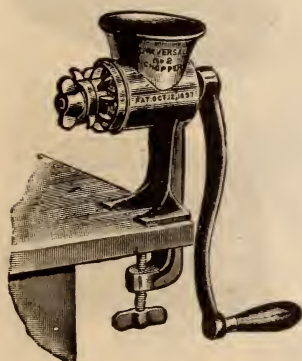

AL 1790

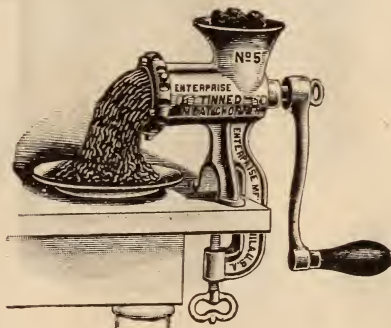

AL 1

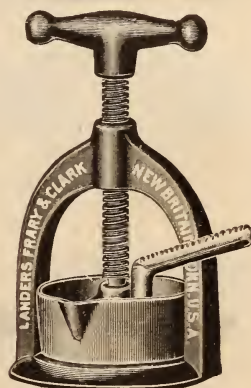

AL 1811

AL 2

AL 1784

AL 1802

AL 1. All parts of this are tinned and strictly interchangeable. It is the medium family size, with hopper 3x2½ inches and barrel 2 inches in diameter. It has 7 cutting teeth inside the barrel and is furnished with three cutters—coarse, medium, and fine. Weighs, packed for shipment, about 5 lbs. and has a capacity of 2 lbs. of meat per minute. It chops all kinds of raw or cooked meat, vegetables and fruits, very fine; each. \$1.97

AL 2. Compared with Chopper AL 1, this family size is considerably larger, standing higher above the table and having a larger hopper. It is stronger and heavier, and having fewer teeth inside the barrel, gives a coarser grinding than the one above, as well as grinding as fine. The diameter of the hopper is 4x3 inches, the diameter of barrel 2 inches; has seven cutting teeth inside and is furnished with three cutters—coarse, medium and fine. It weighs 4½ lbs. and chops ½ lb. of meat per minute; each. \$1.22

AL 1784. The varied uses to which these Choppers may be put make them almost indispensable in a well-regulated kitchen. Once used, you will not be without one, for, in addition to the great saving they bring about in foodstuffs, with one of them the foods are better prepared in many ways for the table. This one is the Enterprise, small family size, weighing 4½ lbs. and chopping 1½ lbs. of food per minute. It is tinned and very well constructed throughout; each. \$1.67

AL 1787. This Chopper is exactly like the one above quoted, only larger, being the large family size, weighing 8 lbs. and capable of chopping 3 lbs. of food per minute. \$2.52

These Food and Meat Choppers are especially intended for butchers, market men, farmers, poultry breeders, hotels, restaurants and public institutions. We furnish them in three sizes, the largest being designed for butchers' use, and for the larger hotels and restaurants, where it is desired to have a machine capable of chopping great quantities in a short time. These are furnished with standard plates, the holes ranging in size from 5-64 of an inch to ½.

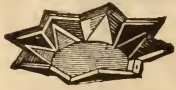

AL 1790. Weight 7 lbs., capacity 3 lbs. per minute. \$2.31

AL 1793. Weight 12 lbs., capacity 4 lbs. per minute. \$3.78

AL 1796. Weight 18 lbs., capacity 5 lbs. per minute. \$5.03

AL 1802. This Meat Juice Press is very well constructed and very powerful, nicely japanned and with tin bowl and plunger. It is an excellent thing to have about the home, as uses for it develop and it becomes a great labor saver; each. \$1.03

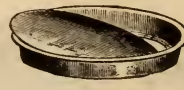

AL 1811. This machine is constructed on a simple principle, is easily operated and saves all the rehandling necessary with other presses, as it extracts the fruit juice and ejects the seeds and skins in one operation. It is one of the best machines we have ever seen for making wines, jellies and fruit butters from berries of all kinds, grapes, currants, tomatoes, quinces, pineapples, etc. The dryness of the pulp can be regulated by the thumb screw at the outlet. The hopper has a capacity of one quart. The machine is 12½ inches long and 13½ inches high, weighing 12½ lbs. We send printed instructions with each machine; each. \$2.82

AL 797. This cut shows the National Railroad Milk Can, regarded as the most improved on the market. It is made extra heavy, retinned and riveted, with breast, neck and bowl in one piece, and with noiseless drop handles, New York pattern. These cans are made from extra heavy selected wrought steel, the breast, neck and bowl being drawn from one piece. The top edge is protected by an extra heavy oval steel hoop and the body and breast are solidly riveted together. The body and bottom are protected by a solidly riveted steel band. These cans are made up in the black, then heavily tinned. Furnished in three sizes.

AL 951

Once Aluminum was too expensive to be thought of for making cooking utensils. Now the methods of making this wonderful metal have so improved that articles made of it can compete in price with any other metal having similar good qualities. Here are cooking utensils in Aluminum ware that have everything to commend them to the careful housewife. They are light, strong, non-rusting, cleanly and produce perfect results. Their natural silvery finish never loses its luster and the ware is so well made that it will last almost indefinitely. Unlike the Aluminum ware manufactured at first, this is made thick and durable and designed to retain heat longer than any other utensil. For kitchen purposes its value will readily be seen. Note the prices—another reason why this splendid ware should be in your home.

AL 950. This is an Aluminum Tea Kettle, cast solid in one piece, with no joints or solder; it is heavy and well adapted for heat retaining. It will not chip or crack even when water boils out, and it will always retain its well finished appearance, as there is no enamel or plating to wear off; it is fitted with the automatic hinged cover, opening and closing by lowering or raising the bail.

Flat Bottom.	Price, each.
8-inch bottom, 5 quart.	\$2.48
9-inch bottom, 6½ quart.	2.64
9½-inch bottom, 7½ quart.	2.96

AL 951. This is an Aluminum Tea Steeper, and tests have shown that it is one of the best on the market; it is 4½ inches high and 3½ inches in diameter; the handle and knob are ebonized; price, each. .59c

AL 953. Covered Aluminum Teapot, tapered side, satin finished, handles and cover knob are of ebonized wood that will not become hot; we can furnish this in three sizes.

Size, 1 quart; price, each.	\$1.56
Size, 2 quart; price, each.	1.73
Size, 3 quart; price, each.	1.93

AL 954. Tapered-side Aluminum Coffee Pot, with lip spout, ebonized handle and knob, satin finish, three sizes.

Size, 1 quart; price, each.	\$1.13
Size, 2 quart; price, each.	1.44
Size, 3 quart; price, each.	1.58

AL 958. We show here our Double Aluminum Boiler, a splendid utensil for cooking oatmeal, rice, etc. It is made of aluminum throughout, satin finished on outside, and with strong metal handles and ebonized cover knob, furnished in four sizes.

Size, 1 quart; price, each.	\$0.98
Size, 2 quart; price, each.	1.28
Size, 3 quart; price, each.	1.56
Size, 4 quart; price, each.	1.78

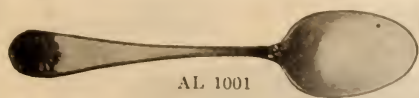

AL 959. All-Aluminum Preserving Kettle that cannot produce verdigris or other poisonous substances; has heavy curl rim, riveted to sides, and strong metal bail; furnished in these sizes.

Size, 4 quart; price, each.	\$0.69
Size, 6 quart; price, each.	.83
Size, 8 quart; price, each.	.97
Size, 10 quart; price, each.	1.24
Size, 12 quart; price, each.	1.44

AL 960. This shows our popular Aluminum Waffle Mould, with ebonized wood handles that will not become hot; owing to its light metal construction, this Waffle Mould is not unwieldy to handle; it is built just heavy enough to be heat retaining and a very good baker; it is 8 inches in diameter; price, each. \$2.06

AL 961. Griddle Cake Cover, made of satin finished aluminum, heavy curled edge-base, hole in top; furnished in three sizes.

Size, 6-inch; price, each.	\$0.31
Size, 7-inch; price, each.	.38
Size, 8-inch; price, each.	.46

Aluminum makes very pretty and durable table ware, like spoons, forks, etc., and we have selected a line very carefully, knowing it to be well worthy of your confidence. In addition to being light and very strong, this ware always retains a soft, silvery finish, making it very desirable for table purposes. These designs are full regular size, neatly stamped. We cannot supply less than a half dozen.

AL 1208

AL 1219

AL 1201

AL 1214

AL 1227

AL 1201. This Wringer is made of a galvanized malleable iron frame. Steel pressure springs; combination tub clamps that fasten to wood or galvanized iron tubs. Rolls are vulcanized on the shafts, but the low price of this wringer admits of very little rubber being used in the rolls, and therefore we do not warrant them; price..... **\$1.89**

AL 1208. This Wringer is constructed throughout of the very best quality of material. Every part is carefully inspected before the wringer is made. The rolls are the finest quality Para rubber, and nothing better can be produced; they are very elastic and wring evenly all parts of the clothes. The pressure is obtained by use of the two screws, and finely tempered steel spring. All metal parts are thoroughly galvanized to prevent rusting. We warrant this wringer for five years, but know it will last from ten to twelve years, if used carefully. For stationary tubs only; reversible water boards; clamps 2½ inches open; with 11-in. rolls, price, **\$4.56**; with 12-in. rolls, price..... **\$5.39**

Same pattern, made in 3-year grade, with 11-in. rolls, price, **\$3.94**; with 12-in. rolls, price..... **\$4.94**

AL 1214. The quality of this Wringer same as AL 1208. For soapstone and iron (porcelain lined) tubs that have wooden frame on top; extension clamps, 1 in. to 6-in. opening;

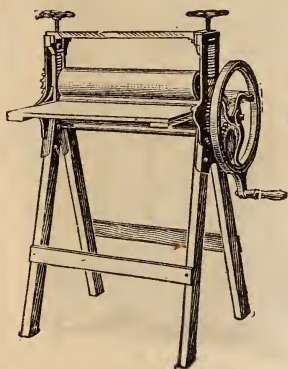

reversible water board; with 11-in. rolls, price, **\$5.09**; with 12-in. rolls, price..... **\$5.74**

Same pattern, made in 3-year grade; with 11-in. rolls, price, **\$4.34**; 12-in. rolls, price..... **\$5.51**

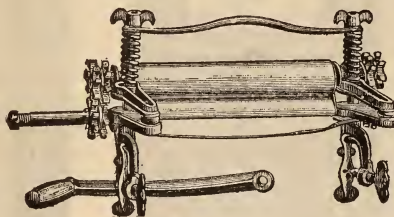

AL 1219. This Wringer is made of good material. The wood frame is hard maple, nicely finished, and all metal parts are thoroughly galvanized to prevent rusting. Has a tempered steel spring and two screws for putting on the pressure. This wringer is made to meet the demand for a good wringer at a low price. The rolls are of good quality rubber and warranted for one year. By use of the combination clamps this wringer can be fastened to either round wood or iron tubs; with 10-inch rolls, price, **\$2.09**; with 11-in. rolls, price..... **\$2.34**

AL 1227. The advantage of this style of Wringer is in its folding bench, which when folded occupies about the same floor space as a chair. When open for use, the bench is large enough to hold two tubs, or a tub and a clothes basket. The reversible water board conducts the water to either side of wringer. The frame of this bench wringer is hard maple, nicely finished, and all parts are thoroughly galvanized to prevent rusting. The rolls are of good quality and warranted for one year. The patent bench brace prevents the legs from sliding; with 11-in. rolls, price..... **\$3.34**

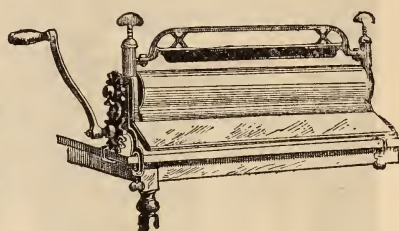

WRINGERS

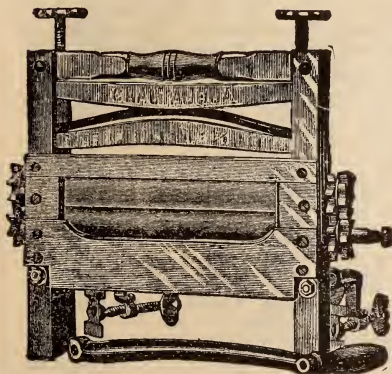

AL 1241

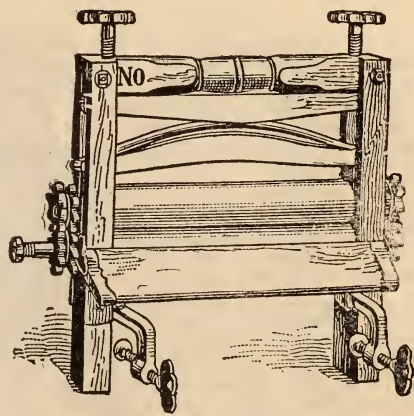

AL 1203

AL 1235

AL 1217

AL 1221

AL 1203. This style of Wringer has all the advantages of a wood frame wringer. The thumb screws and spiral springs give an even pressure on the rolls. The cogwheels on the shafts protect the rolls and make the wringer easier to turn.

The frame is galvanized malleable iron. The combination clamps will fasten to wood and iron tubs. The rolls are of good quality, and warranted for one year; with 11-inch rolls; price.....\$2.27

AL 1217. One of the easiest running Wringers made; is fitted with steel ball-bearings, same as are used in high-grade bicycles; the frame is very strong and made of hard maple, nicely finished; all the metal parts are thoroughly galvanized to prevent rusting; has a tempered steel spring and two screws for putting on the pressure; the rubber rolls are of good quality and will give satisfaction; they are warranted for three years; this wringer is fitted with combination clamps, which will fasten to wood and iron tubs; with 11-in. rolls, price \$3.21; with 12-inch rolls, price....\$3.51

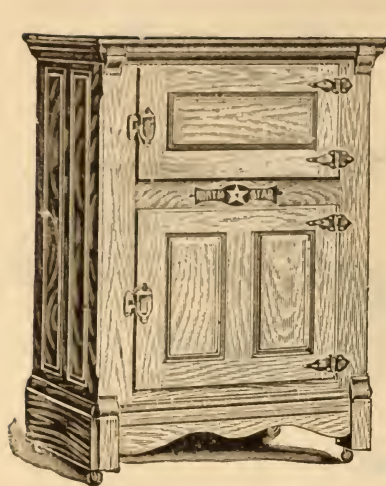

AL 1221. This Wringer is the most popular in both style and grade, and is of such fine quality that it readily meets the demands of all; each part is of selected material; the frame is of selected hard maple, and the metal parts are of iron, thoroughly galvanized to prevent rusting; the two screws and tempered steel spring give an even pressure on the rolls; the rubber rolls are of extra quality and vulcanized on the shafts; we warrant this wringer for three

years; the clamps on this wringer can be fastened to either round, wood or iron tubs; with 11-in. rolls, price \$3.22; with 12-in. rolls, price.....\$3.64

AL 1235. The "Manhattan." Very few people appreciate the value of a Mangle until they have given it a trial. It is an established fact that articles that have been mangled are more healthful than when finished by the hot iron, for the reason that the meshes of the material are left open, whereas the hot iron closes them. Articles mangled retain their original whiteness, and are never spoiled by scorching. Mangles are not suitable for shirts or clothes with buttons, but all plain pieces can be mangled, such as sheets, towels, pillow slips, table-cloths, napkins, etc. A mangle saves one-half the labor, one-half the time, and as no fuel is required, it soon pays its cost. For ordinary family use we recommend this table mangle, which is light, very easy to handle, and clamps to any ordinary table; finished with ball-bearings, same as are used in high-grade bicycles. It turns with one half of the power formerly required. The rolls are of wood, 24x3½ inches, nicely polished; price \$5.98

AL 1241. This style Mangle is made for use in large families, laundries, hotels and institutions. Has steel spiral springs and wheel screws to put on the pressure. The frame is made of hard maple, making the mangle strong and very light. The purchase gear arrangement makes it very easy turning. Rolls are of wood, 24x4½ inches, nicely polished; price.....\$10.14

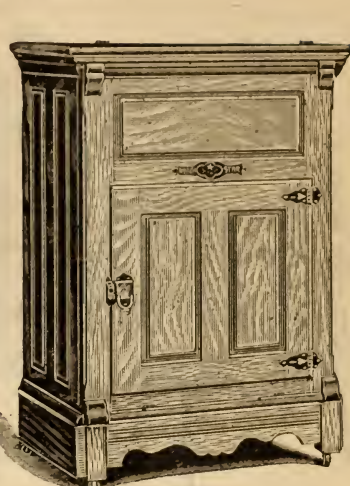

NORTH STAR REFRIGERATORS

AL 51

AL 1408

AL 1410

A damp Refrigerator is worse than none at all. To get the best and most satisfactory results, your choice should be determined by the features that insure cold, dry air. Once certain of that, all you need to look after then is the price. The best refrigerator bargain is the lowest-priced one that will keep dry at all times. North Star Refrigerators are built with two purposes—to keep food perfectly by use of cold, dry air currents, and to undersell all others of equal merit.

They are unmatched in construction, the bodies being built of kiln-dried oak and ash lumber, with oaken doors, lid casings and frames put together with screws. The ice chambers are lined with galvanized steel, and the top of the provision chamber is lined with zinc, leaving no wood exposed to gather dampness and musty odors. The ice rack is made entirely of corrugated galvanized steel, firmly riveted together, and the shelves in the provision chamber are of similar metal. Locks and hinges are made of brass, nickel plated, and all casters and sockets are of steel in a patented design. All lifting top refrigerators are furnished with galvanized steel lid supports.

The success North Star Refrigerators have met with makes it unnecessary for any one to experiment with any other kind. They carry out the principles of refrigeration and food preservation better than any other refrigerators we know of that sell for anything like our low prices. There are cheaper refrigerators, to be sure—but a damp, mildew-gathering refrigerator is a disappointment and a menace to health.

One of the most important features about a refrigerator is the trap, yet few purchasers think of this sufficient importance to consider. For this very reason it is rare indeed that the housekeeper thinks of attending to the trap, and putting it in place, so that an automatic device is necessary. North Star Refrigerators are fitted with traps that take care of themselves. They are made of iron, japanned, and so arranged that they cannot lose off or allow cold air to escape by being out of place. They are easily cleaned and will automatically take their place as soon as released. The contents of the trap should be emptied into a waste pan. It will be unnecessary to place any other vessel there to catch the waste water, as the trap will catch all the drip until the pan can be replaced.

Cut AL 1408 shows the sectional view of the North Star Refrigerator, with arrows showing course of air in its circulation. Also patent drain trough and trap.

Notice the air, in coming in contact with the ice, passes down over it, where the moisture is condensed and purified. Seeking the large opening in the center of the ice chamber, it passes through into the provision chamber pure, cold and dry, forcing the warm air up along the sides and out the air flues at the end of ice chamber and on to the ice again to be cooled, condensed and purified.

The cut also shows the cork filling in the walls.

AL 1408. This is our smallest sized Family Refrigerator, embodying all the good features of the larger ones, and the demand for this size, at our low price, keeps a large factory force busy all the time making them. It is constructed of hardwood, nicely finished and in a neat design. The fittings are heavily nickel plated, and the metal parts that come in contact with ice or natural dampness are the best galvanized steel. It has a lifting top and single overlapping door to the provision chamber, which is 15½x9½x16 inches in size. The ice chamber is 12½x9½x9½ inches in size and is

lined with galvanized steel. The ice rack and shelf in provision chamber are made of the same metal—non-rusting galvanized steel. The outside size of this refrigerator is 24x16x39 inches and the total weight 120 pounds. The ice chamber accommodates 25 pounds of ice; price, **\$8.66**

AL 1409. This Refrigerator is slightly larger than the one above described, but is similar in construction in every way, excepting that it has two shelves in the provision chamber. This style, too, is in great demand in homes where the smallest size would be too small to meet requirements. Dimensions: outside, 27x17x43 inches; ice chamber, 15½x10½x10 inches; provision chamber, 18½x10½x18½ inches. It weighs 150 pounds and the ice chamber has a 40-pound ice capacity; each, **\$10.49**

AL 1410. We show here a medium-sized Refrigerator, especially designed for medium-sized families. It is built of hardwood, along the lines described in the introduction. The natural grain finish of the wood admits of a high polish, and the beauty is added to by paneled sides and doors and heavily nickel plated fittings. Outside dimensions are 30x19x45 inches; the ice chamber is 18½x12½x10½ inches and will accommodate 60 pounds of ice; the provision chamber is 21½x12½x20½ inches in size. Total weight is 175 pounds; each, **\$12.36**

AL 1420. This Refrigerator is slightly larger than AL 1410, and is constructed throughout on the same principle that has given the North Star coolers a place of high favor among families who appreciate the merits of sanitary and satisfactory refrigeration, combined with an economical consumption of ice. The polished finish, nickel fittings and paneled doors and sides make this a very attractive design. The outside dimensions are 33x21x47 inches; the ice chamber is 21½x14½x11½ inches in size and has an ice capacity of 100 pounds; the provision chamber is 24½x14½x21½ inches in size, with ample shelf room to accommodate a goodly store of provisions. Weight complete is 200 pounds; each **\$14.82**

AL 51. Medium-Sized Refrigerator, with front door to ice chamber. The drain trough in bottom of this Refrigerator, which conducts the water from drain pipe at back of provision chamber to the front, where it is carried through trap, is another important feature in keeping the air pure and dry. The water from ice being several degrees colder than the air, absorbs the moisture arising from provisions and carries same out through trap. It is also a great convenience in cleaning out the Refrigerator.

We place the overflow trap in front, where it is easily cleaned and the waste pan may be easily seen and taken out when full, without having to get down on your knees to see when the pan needs emptying.

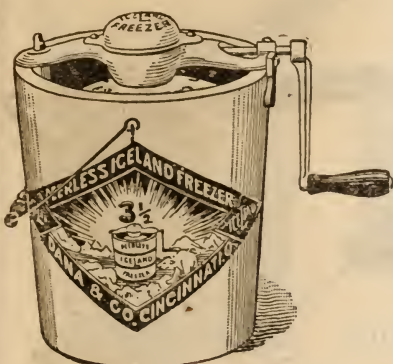

The provision shelves are made entirely of galvanized steel, and are strong, durable and easily cleaned.

The legs are made of one solid piece of ash and will not come apart, as is often the case with the common board legs on other refrigerators. The casters are held in place by a steel spring, and will not drop out when moving the refrigerator.

Outside measurements: 30x19x45 inches; ice chamber, 18½x12½x13 inches; provision chamber, 21½x12½x17½ inches; weight, 180 pounds; pounds of ice, 60; price, **\$15.33**

Same style as AL 51: outside measurements, 33x21x47; ice chamber, 21x14x13; provision chamber, 24½x14x18; weight, 210 pounds; pounds of ice, 100; price, **\$17.86**

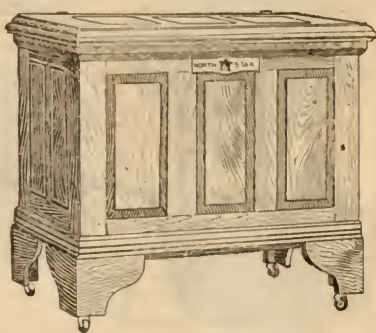

Same style as AL 51: outside measurements, 36x22x49; ice chamber, 25x15½x14; provision chamber, 27½x15½x20; weight, 245 pounds; pounds of ice, 125; price, **\$21.39**

CARPET SWEEPERS

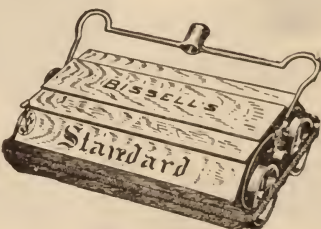

AL 1275

AL 1272

AL 1263

AL 1254

AL 1257

AL 1251. The Bissell "Improved Misses" Sweeper is thoroughly practical and useful, though of an intermediate size—just half way between the largest toy Sweeper and the regular domestic size; it was designed especially for misses of ten to sixteen years; it is 10½ inches long, made of selected oak finished in antique and a rich brown stain; also in sycamore, finished in natural, rosewood or cocobolo; it has pure bristles, self-adjusting brush, rubber tired wheels and tin dust pans with an automatic dump that drops both pans simultaneously; the furniture protector is of woven braid; each.....\$1.40

AL 1254. The "Standard," the strongest and most durable of all the Bissell Sweepers; it is the original "Grand Rapids" Sweeper without the "Cyco" bearings; we can furnish this pattern in a variety of fine woods and rich finishes in either japan or nickel trimming; it has a most complete broom action, self-adjusting brush, automatic dump and reversible ball spring in fact, every good feature that has made the original "Grand Rapids" Sweeper the largest seller and most popular in the world; each.....\$1.64

AL 1272. This "Club" Sweeper is a medium size for hotel purposes, being larger than the "Grand" and smaller than the "Hall," and is intended for use especially in hotels, halls, churches, lodge rooms, etc.; the case is made of quarter sawed oak, finished in golden or English oak, and contains all of the latest patented improvements; it is 24 inches long, strongly constructed, and will be found well adapted for the work for which it was designed; furnished with full nickel trimming only; each.....\$5.74

AL 1275. This is the largest size Sweeper manufactured by Bissell's; it is called the "Hall" Sweeper and is especially designed for sweeping large surfaces quickly, such as hotels, auditoriums, theatres, ocean steamers, lodge rooms, etc.; it will do sweeping in just half the time required for the regular size sweeper, as the brush is just twice as long; the case is 24 inches long, made of quarter sawed oak finished in golden or English oak, and contains every new and modern patented device that contributes to Bissell Sweeper success; furnished with full nickel trimmings only; each.....\$6.98

AL 1257. Bissell's "Grand Rapids" Sweeper is high grade throughout and so well known that it needs little description; more "Grand Rapids" Sweepers have been sold during the last fifteen years than all other makes combined; this sweeper has all the latest improvements, such as dust-proof axle tubes, anti-traveling collector, with the addition of "Cyco" bearings; it is splendidly finished, and can be had with either nickel or japan trimmings, as desired; price, with japan trimmings, each, \$2.49; with nickel trimmings; each.....\$2.99

AL 1263. The "American Queen" Sweeper is the finest finished sweeper ever produced, peerlessly constructed and of a design made especially to meet the demands of a class of customers who are willing to pay a trifle more for an exceptionally fine article; yet at our price it is very little higher than some of the less pretentious, though equally serviceable sweepers; the case is made of beautifully figured mottled mahogany veneer, with highest hand polish piano finish; it contains all the latest Bissell patented improvements, such as "Cyco" bearings, dust-proof axle tubes, reversible ball springs; furnished with full nickel trimmings only; each.....\$3.49

TRAVELING BAGS AND SUIT CASES

Oil Stoves

AL 1481. Perfection Smokeless Oil Heater; absolutely safe and reliable; an oil heater almost indispensable around the home, for heating cold corners, or taking the chill off a room when any larger form of heater would prove too much; the Perfection Heater burns kerosene, and is absolutely smokeless; it is handsomely finished in black japan, with bright metal trimmings.

Fount holds 4 quarts, takes No. 3 Perfection wick; height (bail down), 25 inches; weight (crated), 25 lbs.; each. **\$3.49**

AL 1487. Perfection Smokeless Oil Heater is especially adapted for parlor, library or dining room use and where no large stove is required; it burns kerosene and is smokeless, is also handsomely finished with nickel and metal trimmings; takes No. 3 Perfection wick; height, 23 inches; net weight, 14 lbs.; gross weight, 25 lbs.; each. **\$6.53**

AL 1490. Perfection Toaster, for oil stoves, is made of wire, retinned, and has a piece of asbestos on bottom; each. **.58c**

AL 1492. Perfection Broiler is especially adapted for oil stoves, and is made of wire, retinned, also has piece of asbestos on bottom; dimensions, 8½x10½ inches; each. **.83c**

AL 1496. Perfection Oven No. 10; diameter, 13 inches; height, 8 inches; size of case, packed singly, 10x14½x14½ inches; shipping weight, packed singly, 10 lbs.; cubic feet, packed singly, 1.22; each. **\$1.24**

AL 1475. Perfection Steel Oven, made of steel with fancy paneled sides and front, all japanned, and coil wire handles; it will bake quickly and evenly, top and bottom alike, and is the best selling oven on the market for the money; dimensions: 12x13½x18 inches; size of case, 5½x15x19 inches; shipping weight, 19 lbs.; each. **\$1.72**

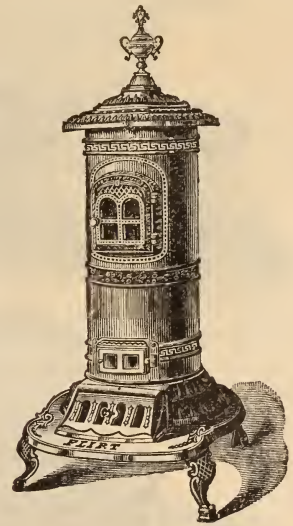

STOVES

AL 341

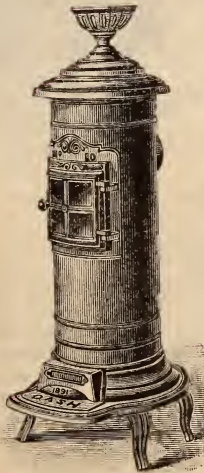

AL 339

AL 329

AL 331

AL 327

AL 327. Our "Dash" Plain Cylinder Stove, with embossed border; it is a very good stove at a moderate price, has four legs, shaking and dumping grate, white porcelain bowl, mica windows in feed door, interchangeable doors; is carefully bricked and furnished with anti-clinker door; the bodies are of sheet iron, furnished with china water bowl or bronze metal top ornament as desired; made in four sizes.

Diameter.....	8-inch.	9-inch.	10-inch.	11-inch.
Price, each.....	\$3.31	\$4.12	\$5.09	\$6.18

AL 329. The "Flirt" is the most popular Cylinder Stove on the market, and the first made with embossed borders on sheet iron; this adds greatly to the strength as well as the attractiveness of the stove; it is made of Russian iron, has shaking and dumping grate, inside cover, bronze top ornament, anti-clinker grate with mica door, nickel knobs and ash pan; it is carefully bricked and thoroughly mounted and will render splendid service; furnished in five sizes.

Size.....	8-in.	9-in.	10-in.	11-in.	12-in.
Weight.....	66 lbs.	77 lbs.	89 lbs.	104 lbs.	118 lbs.
Price, each....	\$4.82	\$5.51	\$6.53	\$7.46	\$9.01

AL 331. This is our "Flirt B," or "Beauty" Cylinder Stove, and it is a question whether any cylinder stove ever manufactured has attained the popularity of this style; the body is nickel embossed, but the beauty features are in the nickel work, it having nickel skirt and legs, nickel rails and top band, the latter with prettily rounded edge; it is surmounted by a handsome bronze top ornament; made in six sizes.

Size.....	9-in.	10-in.	11-in.	12-in.	14-in.	16-in.
Weight.....	80 lbs.	92 lbs.	110 lbs.	127 lbs.	150 lbs.	180 lbs.
Price, each....	\$7.89	\$8.94	\$9.96	\$10.98	\$13.47	\$15.79

AL 339. This is a new style of the "Invader," a Stove so well and favorably known that little need be said to introduce it to prospective buyers seeking a truly good heater; it is a very ornate design, with nickel top band, nickel base and nickel legs; it is self feeding, with direct draft; it has a round fire pot, shaking and draw center grate, furnished with ash pan and is a powerful heater, moderate in price; the knobs, rails and name plate are nicked and the top is surmounted by a handsome bronze urn; furnished with interchangeable doors; made in four sizes.

Size.....	No. 1	No. 2	No. 3	No. 4
Fire surface.....	9-in.	10-in.	10½-in.	11½-in.

Price, each.....	\$10.31	\$11.47	\$13.06	\$14.16

AL 341. We regard the "Goldenrod" as one of the prettiest Stoves ever constructed, and regret that the illustration is powerless to show up its many beautiful features, because we feel sure you would quickly agree with us; for a stove that commands such a moderate price it cannot be excelled in design, finish or efficiency; it has a high, elegant nickel plated cabinet base, nickel swing cover and handsome nickel top drapings; a beautiful curved under-top section, new nickel panels on sides and front, high ash pit section, nickel rails that hook on the middle bottom, a pretty bronze top ornament, gas cover to magazine and very large fire pot; the doors are interchangeable; made direct draft in four sizes.

Size.....	No. 14	No. 16	No. 18	No. 20

AL 321

AL 319

AL 325

AL 319. Our "Paragon B" Range is strictly first class and unequalled in beauty of design and finish. It is heavy, durable, ornamental, and will give the most satisfactory service. It has nickel band on edge of top plate, dock ash grate, large broiler opening, nickel name plate and knobs, nickel plated outside oscillating oven shelf, Reed's damper, foot-opener and capacious end ash chamber with ash pan. The cabinet base is a feature. It is much broader than on almost all other ranges and gives to the range a massive appearance. The ovens are full size square, with tin lined door and cemented top oven plate, with interchangeable doors. Water back and couplings are furnished for the 7, 8 and 9-inch. We can furnish for this range a fancy high shelf extra when desired.

-----------------	-----

The Depositors' Account Department

affords you every economy and every convenience. It gives you the conveniences of a credit system without a single credit system fault, and the economies of a cash system, and your money is earning interest while it is with us. You can deposit as much or as little as you please, and have your purchases paid for out of this sum. Every month we will send you a detailed statement showing what you have bought and how much money remains on deposit. On such balances we allow four per cent. interest annually, compounding the interest every three months.

You Work for
Your Money
—Make Your
Money Work
for You

EVERY PENNY AND EVERY
DOLLAR EARNs INTEREST
FOR YOU DAILY UNTIL
WITHDRAWN. YOU CAN
TAKE YOUR MONEY OUT
AT A MOMENT'S NOTICE.

Know How
Much You
Spend—and
for What You
Spend it

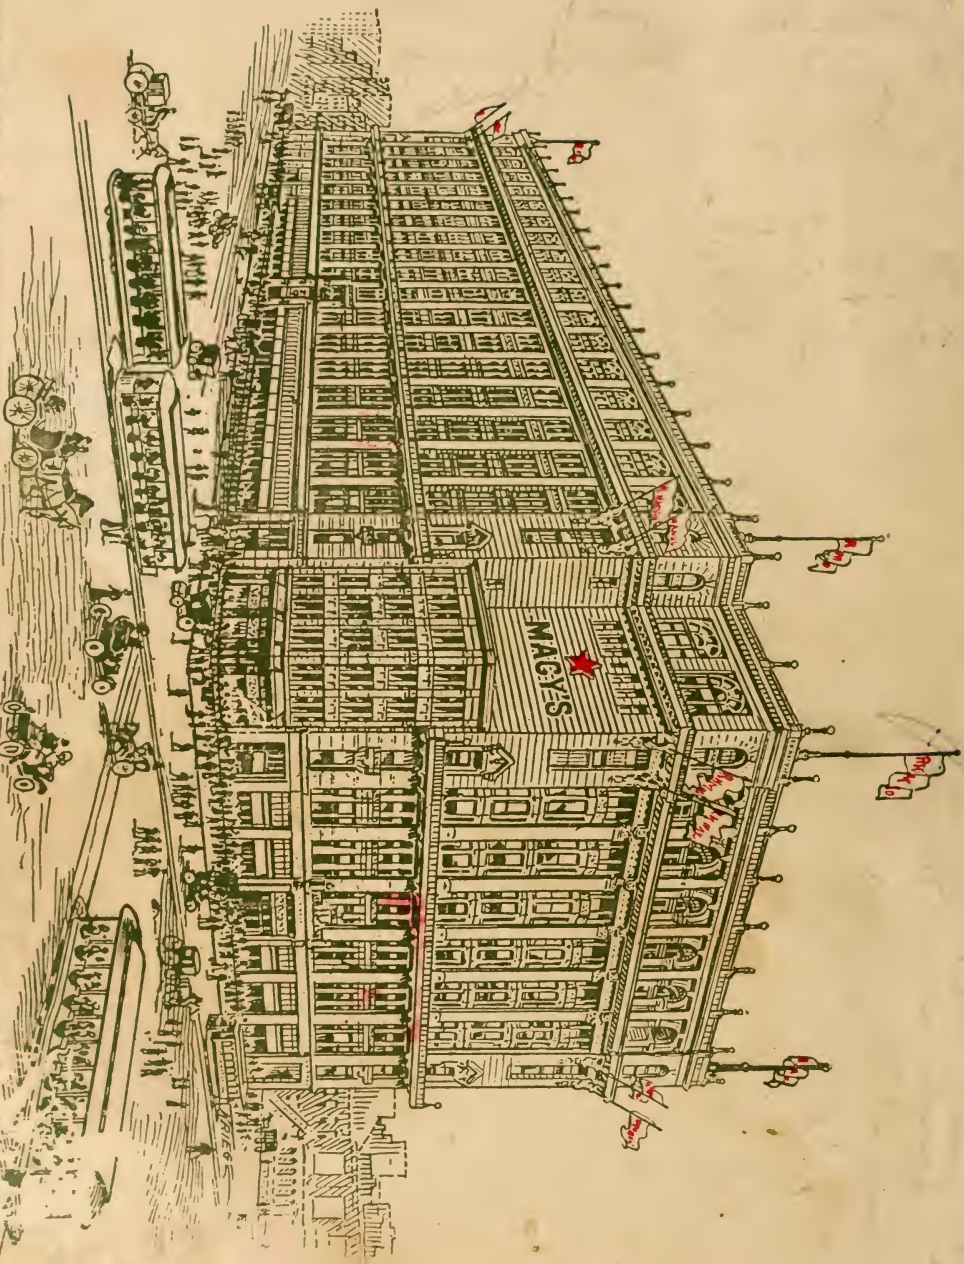

We run no banking business; there is no drawing of checks, with the temptation to spend money promiscuously. Macy sells only for cash. At Macy's the man who pays his bills does not make up for bad debts by higher prices. He is not called upon to pay for the expensive machinery of a credit department. You know that no store can sell goods as cheaply in proportion to quality as a cash store. Thousands have opened deposit accounts with us, realizing the value of this "up-to-the-times" saving method.

Start Your Account at Once
